

Council Gives Jones Complete Financial Control

COUNTY PEOPLE FIGHT REMOVAL OF RAILBUS IN PRINCESS ANNE

Veheulent protests and violent rumblings are being heard throughout the entire section serviced by the Norfolk Southern Railbus whenever the discussion leads to the discontinuance of railbus service by the transit company. All communities are unanimous in their decision to put "up a fight" and claim they would suffer a distinct hardship with the discontinuance of the service.

A committee from Glen Rock community, headed by Charles T. Hendricks, will petition the State Corporation Commission to deny the N. S. right to abandon the service and will send representatives to Richmond to present the views of residents of the communities affected.

Norfolk County also came into the fight. J. Wilkins Sawyer, Jr., of Ingleside, who with other residents of his community was present at Glenrock, asserted that 98 per cent of Ingleside citizens want the railbuses, and agreed to circulate a petition and to make a protest to the Norfolk County Board of Supervisors. Sawyer said that in addition to the inconvenience that would come about if the railbuses are removed, a number of rail employees would be dismissed or transferred.

300 Signers at Lynnhaven
A spokesman from the Lynnhaven Civic League said that a petition already had been signed by 300 residents of that community and has been forwarded to the State Corporation Commission. He asserted that a stiff fight was

being put up against removal of the rail passenger service.

Glenrock league members also spoke out against members of the Princess Anne County Board of Supervisors who approved the railway's request. The league approved a motion by J. K. Dunning a railroad man, authorizing the group's secretary to write the chairman of the board of supervisors setting forth the opposition. "And we want an answer from the supervisors," Dunning said. He added the board could rescind its action of August 25. "They've voted against our wishes." He protested.

J. N. Dalton traffic manager of the Norfolk Southern Railway urged the appointment of a committee to sit down with the bus and railway officials and work out the needs of the residents along the present railbus routes. He said revenues from the railbus traffic were far in the red, and that it was not to the advantage of his company to continue the service.

Dalton said that as far as he could see the proposed highway bus service would better serve the Princess Anne communities than the railbuses. He went so far as to invite the committee appointed last night to help work out the bus schedules and routes.

Tagged Crabs Are Released In Upper Chesapeake Bay

During the week of September 1-6, inclusive, hundreds of crabs of all sizes will be released at Smith Island, Maryland. Inside each of these crabs, in the white body meat, will be found a small red oblong tag. Each tag will be worth one dollar to the finder. Some of the tags will have a number printed on them, others will have the one word, REWARD or the two words, "AT ONCE" printed on them. These tags may be found in either hard or soft crab.

The person finding one of these tags will do the scientific research of the crabbing industry a great favor by cooperating and mailing the tag to the Chesapeake Biological Laboratory, Solomons, Md. Including with the tag should be a note stating when and where caught, size from spine to spiny sex, whether or not it is a peeler and anything else which may seem important.

It is necessary for the people of both Virginia and Maryland to thoroughly understand the migrations of the crab in order to plan a wise conservation program. This tagging experiment will furnish useful data for scientists' committee on the blue crab. The Committee is made up of men from Virginia, Maryland and the Federal government. Cooperation is needed from the general public to accomplish such a program. If you eat crabs this year or next, carefully check the white body meat for your extra reward, and in so doing you will be helping to develop an abundant supply of our delicious blue crabs.

3rd Offense for Fox
Jimmy Fox, for the third time this season, was arrested at his Piney Point Club and a warrant has been procured for his brother Charlie Fox, both accused of violation of point 55. Also taken at Piney Point were Doris Franklin, Betty Green, Dorothy Sigs and Mary Ethel Bonday.

Gilbert Arnestad, alleged operator of the Bus Stop Inn, East Ocean View was charged with selling whiskey, keeping it on the premises of a license restaurant and possession of gambling paraphernalia.

The county arrests were taken at Princess Anne County jail for breaking.

MacDonald Says Scouts to Meet September 5

According to announcement by Mr. MacDonald, Scoutmaster of Troop 60, Virginia Beach, topically, Friday, September 5, will be first meeting of Troop 60 for the winter season. The meeting will be held in the meeting room at the Presbyterian Church on 36th St.

Mr. MacDonald further stated that the troop had lost several of its members and any boy twelve years old is invited to join the troop.

Plans for the season have not been completed, however, the Midway District will hold a camporee for all troops on or about the 18 and 19 of October. Troop 60 is planning several hikes to ready the members for the coming contest hike.

Gospel singing will be by the church choir under the direction of Mrs. Nodis Llewellyn.

Dogs

The Princess Anne Humane Association has dogs which need homes.

Call Va. Beach 585 or Berkley 268-R for aid in recovering or placing your dog.

PRINCESS ANNE HUMANE ASSOCIATION

ABC Raids Arrest Fox For 3rd Time This Summer

Raids conducted by Sup't. C. W. Saunders, Jr., director of the Enforcement Division of the ABC. Chief Map of Princess Anne County Police and Chief of Police of Virginia Beach, Reeves Johnson, caused the arrest of some 25 persons and seizure of about 150 bottles of whiskey in seven night spots at Virginia Beach area in Princess Anne County, Saturday night, August 30.

At Virginia Beach the Ocean Club, Beach Restaurant and Club 17 were raided and in Princess Anne County, Piney Point Boat Club, El Calro and Bus Stop Inn, East Ocean View were visited by agents of the law enforcement squads.

At the Ocean Club Hugh P. Etheridge, listed as operator was charged with violation of Section 5 of the ABC laws; Aldo Dornoura listed as manager with violation of Section 59; Frank Randolph, negro and Monte C. Clapp, negro with violation of Section 40 and five other negro waiters with violation of Section 55.

Clairene V. Ellerson of Virginia Beach, operator of the Beach Restaurant was charged with violation of Section 40.

Imee Mae Conrades and Louise Harrell, both of Virginia Beach, were arrested at Colonial Club, the former of keeping of alcoholic beverages at a place bearing a restaurant license and the latter with sales and aiding and abetting.

E. H. Nickey of Virginia Beach described as part time manager of Club 17 was taken into custody on a charge of violation of section 55 and a negro employee also were arrested. A warrant was issued for the operator of the club.

All were taken to Virginia Beach police headquarters where they were released on bond pending hearing on September 5.

At El Cairo, Wilbur L. Hall listed as operator, whose address was given at Tourist Haven Hotel, was charged with Section 55. Margaret House was arrested on two counts of selling and Mickey Morse for selling and aiding and abetting.

Efforts are being made by the Commission to give the widest publicity possible to the new laws regarding hunting trespass, in order that a minimum of hunters will be uninformed of its provisions when the hunting season opens. It would be a pity for anyone to be punished because of ignorance of the law.

Inasmuch as the trespass laws of Virginia in the past have been largely ineffective, the General Assembly, at its last session, amended existing laws in order that they might have teeth in them and really give protection to landowner who truly wish to save their game and insure their property rights as landowners.

The new law specifically states that a man hunting on posted land must have on his person a written permission from the landowner. Without such written permit, it is mandatory that game warden and other officers of the law make arrests, and when offenders are brought into court it is mandatory upon the courts that the offenders be fined, even though the property owner should intercede.

It has been impressed upon all the game wardens of the State that they are expected to carry out the provisions of this law to the best of their ability. It will greatly facilitate the enforcement of these laws if the public will have a sympathetic attitude toward them and give assistance in their enforcement.

Both hunters and anglers are urged to obtain copies of the hunting law and fishing law digest. All that is necessary is to notify the Commission of a desire for them, with proper name and address, and they will be mailed promptly. They are printed in convenient form for mailing.

Final Soft Ball Games to be Held Here Next Week

The Soft Ball season is drawing to a close with keen competition among the men's teams.

The championship of the first half went to the Rotary Club team but from statement by Mr. E. B. Bayne, promoter of the sport, anything can happen. Next week will tell the tale. In the second half the Virginia Beach Motors team is in the lead with Lions Club second and Rotary third place. Before second half championship the team is declared to have "raided out" games to be played off to determine the winners. This winner will then compete for the season championship with the winner of the first half.

Women's Teams

The championship game of the women's teams will be played on Friday and the season will officially close with this game for the women. The team representing Gregory Brothers has lost only one game the entire season so even though they lose the last game on Friday they will still be winners for the season.

Large Crowds

Considerable enthusiasm has been shown all season for these games. Appreciation of the sport can be shown by making a contribution to the playground fund which is in progress now. The official closing of the season does not close the field. Many weeks remain for its use and the Playground Association is very desirous of collecting enough funds through popular subscription to keep the field in good repair and adding to the equipment for the younger people of the community.

R. A. Jones, treasurer, will be glad to accept any contribution, large or small.

State To Enforce Hunting Laws, Folders Available

Efforts are being made by the Commission to give the widest publicity possible to the new laws regarding hunting trespass, in order that a minimum of hunters will be uninformed of its provisions when the hunting season opens. It would be a pity for anyone to be punished because of ignorance of the law.

Inasmuch as the trespass laws of Virginia in the past have been largely ineffective, the General Assembly, at its last session, amended existing laws in order that they might have teeth in them and really give protection to landowner who truly wish to save their game and insure their property rights as landowners.

The new law specifically states that a man hunting on posted land must have on his person a written permission from the landowner. Without such written permit, it is mandatory that game warden and other officers of the law make arrests, and when offenders are brought into court it is mandatory upon the courts that the offenders be fined, even though the property owner should intercede.

It has been impressed upon all the game wardens of the State that they are expected to carry out the provisions of this law to the best of their ability. It will greatly facilitate the enforcement of these laws if the public will have a sympathetic attitude toward them and give assistance in their enforcement.

Both hunters and anglers are urged to obtain copies of the hunting law and fishing law digest. All that is necessary is to notify the Commission of a desire for them, with proper name and address, and they will be mailed promptly. They are printed in convenient form for mailing.

Bristow Hardin Leaves 'Glory' to Teach Dramatics

Williamsburg, Virginia—It is everybody's privilege of being taught dramatics by a king. But that's what is in store for drama students of Hampton High School this winter.

On September 14, King George III, in the person of Bristow Hardin, Jr., will don his royal robes and "glory" paint worn in Paul Green's THE COMMON GLORY and begin showing others how it's done.

Hardin is a veteran of the Little Theater and the movies.

As a "gob" during the war, he starred in special audio-visual educational film series made to show the "boots" in the Navy what Not to do while sailing the seas for Uncle Sam. And many a sailor heard of the bribe by taking Hardin's advice portrayed on the screen, teaching the new recruits how to become the American Navy. "It was all done thru comedy roles which provoked laughter and goodwill among the seamen and at the same time put the lesson across," the actor explained.

Son of Mr. and Mrs. Bristow Hardin, Sr., of Virginia Beach, Bristow, Jr. will join the faculty of Hampton High School in September where he will teach dramatics and English. But before assuming his professional duties, he will have two more weeks of playing King George III in the drama that tells the story of America's founding.

Jovial and good natured "King George" has had a memorable summer at Williamsburg. Few men—even actors—can boast of a triple victory in a space of one summer. To Bristow Hardin the events have piled fast since June when he was chosen to play the historical role of the ruler whose stubbornness and lack of foresight contributed to the American war for freedom and liberty.

When asked about the legality of immediate action in the drastic revision of the code, Mr. Jones stated that it was in the power of the council to "change, amend or revise any part of the Town Code or law without discussion or tabling for future adoption." A two-thirds majority of council members, according to the clerk, have the power to make or amend any Town ordinance at any meeting of the Body.

New Code To Be Published

The last publication of the Town Code was printed in Virginia Beach by the publishers of "The News" in 1930. Since that date many changes have been made in its status and the necessity of revising the old book is imminent. The Council voted to place the order for its printing at the regular Council meeting Monday, September 1 (Labor Day), to revise the section of the Town Code relative to "The Town Treasurer. His Duties and Powers". A paragraph of Section 137 reads, "The Treasurer shall keep an accurate account of all cash receipts and disbursements and shall not make payment of any sum except on warrant of the Mayor."

The ordinance proposed by Mr. E. B. Bayne, former assistant Fire Chief, will act as chief until the separation proves its efficiency.

USO for Community Center

Members of the council body heard a proposal to offer \$5,000 for the building and lot now being used by the USO organization for the purpose of turning this building into a community center. The lot on which the building is situated, it later developed, is owned by the Norfolk Southern Railway. The building itself is owned by the United States government.

Seawage Action Postponed

Action was postponed on an application made by P. W. Ackiss, engineer, of the Seaside Homes development, for the town to provide sewage disposal for the project, to be paid for at the rate of 25 cents per fixture, or approximately \$1,800 per year. McMillan stated that construction on the \$1,500,000 project is to begin in the near future, with the topographical layout already completed. H. E. Halstead, chairman of the council sanitation committee, recommended postponement of action pending a report from A. W. Petty, sanitation engineer.

Norfolk Southern Request

Arthur J. Winder, attorney for the Norfolk Southern Railway Company and the Norfolk Southern Bus Corporation, outlined to members of the Council the terms of the resolution recently adopted by members of the County Board of Supervisors, granting permission for the removal of rail facilities between Norfolk and Virginia Beach, to be superseded by highway bus service.

Gerold Rumble asked for a public hearing on the question before action was taken by the Council. H. E. Halstead, chairman of a committee appointed to study the resolution endorsed by the County Board of Supervisors, said that the committee had given sufficient study to the question and needed no public hearing, he further proposed that the resolution should be adopted by the Town Council. The motion was carried without dissent.

Application Made For Pier Permit in Long Creek

Mrs. Wayne Rowe of London Bridge has requested a permit to construct a wharf on Long Creek, on the South Side, about 1.1 miles upstream from the mouth and 800 feet upstream from the highway bridge on State Route 615, Princess Anne County.

The plans submitted provide for an open-pile timber wharf 40 inches wide, extending 20 feet channelward from the low water shore line, including an L-head 5 feet wide by 16 feet long. A depth of 2.5 feet at mean low water would be available at the channel end of the wharf.

If this proposed structure is considered objectionable from the standpoint of navigation or for other reasons, protests may be submitted to the undersigned on or before 7 September 1947.

It has been impressed upon all the game wardens of the State that they are expected to carry out the provisions of this law to the best of their ability. It will greatly facilitate the enforcement of these laws if the public will have a sympathetic attitude toward them and give assistance in their enforcement.

Both hunters and anglers are urged to obtain copies of the hunting law and fishing law digest. All that is necessary is to notify the Commission of a desire for them, with proper name and address, and they will be mailed promptly.

THE REAL ESTATE CORNER

by E. P. Crockett, Jr.

REAL ESTATE

The past week may have been bright for the tourist and vacationist trade was concerned but the weather surely slowed down the recording of Real Estate transactions.

There are buyers in the field but they are looking around for the most part, refusing to pay the prices asked and preferring to wait until prices come down.

The Highlands, Inc. to Blanch F. Webb, Lots 8, Block 3, Section D, Plat of Cape Henry (6th Street, Ocean side) Tax \$2.16.

Harry Leventhal and Dora Leventhal to Leslie Ray Watson, Lot 157, Map of Linkhorn Park. Tax \$2.64.

The Highlands, Inc. to Blanch F. Webb, Lots 2 & 3, Block D, Plat of Ridge Heights, Tax \$1.22.

Building Permit

L. G. Eugley, residence, Lot 233, Birdneck Point, estimated cost \$12,000.

COUNTY CIVIC ORGANIZATIONS PLAN RAILBUS REMOVAL FIGHT

At a meeting held on Wednesday night by the Kempsville District Civic Council, in the Chesapeake Beach Community House, the motion was made and carried to uphold the action of the Glen Rock League in opposing the removal of the Norfolk and Southern railbus service. Mr. J. C. Harris, president of the Council, appointed every member of the body as members of a committee to appear before the Board of Supervisors at their next regular meeting, to protest their action of consenting to the removal of the service.

The application of Police Chief Mapp to secure certain lands in the Lynnhaven River was objected to and a motion carried that the Council voice its objection by a letter to the Secretary of the Commonwealth. Mapp made application for six acres of 'sand bar' located on the west side of Lesser Bridge on the South side of the river, in May of this year. The members of the Civic League feel that if this Land Grant is made it will set a precedent that will make any sand bar eligible as waste land. The body also expressed their belief that the land could not be termed 'waste land' in view of the fact that it was used daily as a recreation spot.

Mr. R. B. Kellam, attorney for Mr. Ivan Mapp, has appealed to the Secretary of the Commonwealth to set a date for a hearing on the Land Grant application.

Frank Cox Guest Speaker

Mr. Frank Cox, Superintendent of the Princess Anne County School system, was the guest speaker for the evening. His main topic was the inadequacy of the County and State teacher supply. Mr. Cox pointed out the fact that there was so little incentive for prospective teachers that the majority of those who would normally go into the profession are not interested, and until the state can offer more incentive the ped-

agogy of the State will continue to be inadequate.

Two New School Buses

When asked about the school bus system Mr. Cox reported that two new buses had been received having been on order for 18 mos.

Next Meeting

The next meeting of the Council will be held at the East Ocean View Civic Hall on October 8, at 8 p.m.

Virginia Beach Grocery Changes Ownership

The Virginia Beach Grocery has recently changed hands and is now operating and owned by Manuel Miller, formerly of Norfolk, who bought the business from Mr. George Tubb, former owner.

According to a statement by Mr. Miller, Mr. Steve Brothers will continue in charge of the meat department and will handle only the best AA grade meats.

Mr. Miller further says that he expects to have a full line of everything at the lowest possible prices and will handle all nationally advertised brands of merchandise and he will personally supervise the handling of all outgoing orders.

The store will be open every day and will maintain two daily deliveries.

Mr. Miller has had six years experience in the grocery business.

Local Rotary Club Hears Talk By Heutte of Norfolk

Speaking before the regular weekly meeting of the Virginia Beach Rotary Club held in the Pinewood Hotel, September 4, 1947, Frederic Heutte, superintendent of schools and forestry in the City of Norfolk, suggested to the town planners that a colorfully designed flowered Atlantic Avenue would be a step in the right direction.

An authority on garden work & city beautification, Heutte explained that an unified effort to grow petunias on both sides of Atlantic Avenue with an attractive color scheme would be an eye-filling sight as well as another attraction to summer tourists. Heutte suggested that balconies blue and rosy morn varieties of petunias be planted, and that they stretch from one end of Atlantic Avenue to the other on both sides of the street.

Heutte explained that what little reputation locally he might possess was built upon a idea similar to the one he proposes for Virginia Beach. Eleven years ago when he first came to Norfolk his initial act was to plant blue and rose petunias in the City Park in Norfolk. It made such an attractive display that he still bears comment on them.

Heutte's remarks were enthusiastically received by the Rotarians, and his suggestion, as President Shean expressed it, "gives us food for thought."

Virginia Beach Civic Organization Plans Meeting

The regular September meeting of the South Virginia Beach Civic League will be held Monday evening, September 15, at 8 p.m. at the W. T. Cooke school auditorium.

There will be election of officers at this meeting and a full attendance is requested. Plans will also be made for the work of the coming year with special attention to the organization of group activities such as bolling, gardening, books and other activities of interest.

Dogs

The Princess Anne Humane Association has dogs which need homes.

Call Va. Beach 565 or Berkley 269-R for aid in recovering or placing your dog.

PRINCESS ANNE HUMANE ASSOCIATION

W. T. Cooke School P.T.A. Plans Big Carnival at Beach

On Saturday, October 11, a carnival will be given at the Virginia Beach playground from 3 p.m. until 9 p.m., by the Parent-Teacher's Association of the W. T. Cooke School. At the last P.T.A. meeting in May, Miss Mary Kellam, school principal, suggested that the P.T.A. make for its important project for the coming year the purchase of a new stage curtain for the auditorium. The present curtain is worn threadbare after serving for over twenty years. A new curtain will cost approximately \$1000. Mrs. William Meredith made a motion that a carnival be given for the curtain fund and the motion was accepted. Mr. and Mrs. Meredith were appointed as chairmen of the carnival with Mr. and Mrs. E. B. Bayne and Mr. and Mrs. Eugene Fattin as co-chairmen.

The annual food sale of the school will be included in the carnival plans. Homemade cakes, candies, breads and salads will be made by the mothers for sale at the carnival. Articles of needlecraft and handwork will also be sold.

All Virginia Beach mothers and fathers are urged to bring their children and eat their Saturday night supper at the carnival. Sandwiches and hot dogs, soft drinks and milk, potato salad and ice-cream as well as home-made cake will be served for supper.

Music for the occasion will be furnished by the popular Ryman Band and the W. T. Cooke school band. It is hoped that Trafton Robertson of WTAR will conduct a talent show for the children and Miss Shirley Dunn will present some dancers from her dancing classes. There will be real horses and real "jeeps" for the older children to ride, and ponies and tiny jeep for the little ones. Arthur Lillendam and Tony Burke acrobats, will put on their usual good show. There will be clowns to sell balloons.

The girl and boy selling the most tickets will be crowned King and Queen of the Carnival by Mayor H. Warfield Leake.

The Virginia Beach Fire Dept. has offered to construct the booths from lumber contributed by local yards.

Local Red Cross

Fall and winter plans were made at the regular meeting of the Princess Anne Chapter of the American Red Cross held at the chapter headquarters on Tuesday evening, September 9.

The chapter is planning to send Christmas boxes to all Princess Anne men and women in the service, both in overseas duty and in this country and is asking the cooperation of families of these service people in securing the names and addresses. Phone Miss Pearl Duty, 938, and give the information desired.

Bedsides Radio Desired

A plea is also added for the gift or loan of a bedside radio for a marine who is bedridden from a serious back injury and will be confined to his bed for at least four more months.

Emergency Clothing

A minimum supply of good, clean used clothing for adults and children was also requested by members of the board. In the event of disaster a supply on hand for immediate distribution will expedite matters in aiding destitute families. Anyone wishing to contribute to any of the above requests are asked to call Red Cross Headquarters and the Motor Corps will pick up the articles.

National Committeeman, Fred Higginson presented retiring Commander John Bass with a Past Commander's button on behalf of Princess Anne Post 113. A banquet was held at the close of ceremonies at the Colonial Club which was attended by a large number of legionnaires, and several distinguished guests from Northfolk.

Legion Auxiliary

The September meeting of the Princess Anne County, American Legion Auxiliary Unit 113 will be held in the evening, September 15th, at 8 p.m. at the U.S.O. Club.

Installation of officers for the coming year will take place at this meeting, followed by a special program. Refreshments will be served.

Old and new members are asked to attend.

Stamp Collectors To Meet Here

Interested in stamp collecting? Hardy Holloman, Jr., at Virginia Beach, phone 829, is anxious to contact any one living at the Beach who might be interested in the organization of a Stamp Collectors Club. Telephone him if you are a collector.

Oceana Hi School Announces Grid Schedule for Year

The Parent - Teachers' Association of Oceana School will have the first regular meeting of the 1947-48 season on Tuesday, Sept. 16 at 3:15 p.m. in the school auditorium.

Mr. McCloud, president of the organization will preside.

A social hour has been planned so that parents and teachers may become acquainted.

Plans for the year will be outlined and the appointment of various committees will be made.

All parents are cordially invited to attend this important meeting.

ENROLLMENT INCREASED

Mr. R. H. Owen, principal, has announced that the enrollment in the Oceana Elementary School is 555 which is an increase of forty children over last year. There is a decided increase in the enrollment in the high school department - 408 this year as compared to last year's enrollment of 365.

FOOTBALL TEAM

C. M. Tomko, coach of the Oceana football team, announced that there are about thirty-five men out for the Cavalier team this year. These men have been working daily in an effort to get the team in shape for its first game on Friday night, Sept. 19 with the Norview team at Norfolk.

Oceana has only 5 letter men returning this year. They are: Jack Wernitz, Sonny Malbon, Luther Malbon, Jim Kunkler, George Jones.

This same schedule follows:

Sept. 19 — O. vs Nor at Nor. Oct. 3 — O. vs Port. (?) Oct. 11 — O. vs Crad. at Crad. Oct. 17 — O. vs East. at O. Oct. 24 — O. vs Kemp. at O. Oct. 31 — open date Nov. 7 — O. vs. Suf. at Suf. Nov. 14 — O. vs. Church. at O. Nov. 21 — O. vs. S. Nor. at S. Nor.

"THE VOICE of a majority, swaying the course of government does not insure good government except it be the voice of a well informed and well informed people."

THE FIRE DEPARTMENT And THOUGHTLESS SPECTATORS

Spectators on the side lines often are prone to criticize the fellow who is trying to do a job to the best of his ability.

Much comment and speculation has been passed around on the events surrounding the fire tragedy of last week which resulted in the loss of life and property to a Beach resident.

If any criticism is made it should not rest on the shoulders of the Virginia Beach Fire department, who, from all accounts exerted their utmost efforts to save the lives of the children who were lost. Where the real criticism lies is with thoughtless drivers of automobiles, who in their zeal to see what was going on caused a bottle neck so great that it became almost impossible to reach the near-by fire hydrant and caused considerable loss of time in connecting with a more remote outlet.

This blaster should be a warning to all fire chasers for to the thoughtless actions of those who rushed their cars to the scene of last week's fire must lie the blame of much delayed action in securing the necessary water with which the firemen had to work.

JUSTIFIABLE INDIGNATION

Civic leagues throughout Princess Anne County are meeting, discussing, voting and passing resolutions on the proposed action of the Norfolk Southern to remove the rail bus now serving a large number of people in the County.

A. J. Winder, representing the company made the statement, according to the minutes of the meeting held on Sept. 1, 1947, at

a meeting of the Lynnhaven Library and Civic League that the railbus must be discontinued, "the railbus cannot afford rail services". In the face of such strong protest, can the railroad afford to discontinue the service?

Mr. Winder was also quoted in reply to a question as to fares: "... with the elimination of competition one could always expect an increase in fares."

Add to these facts the already overloaded conditions of highway buses which are forced to pass many a would-be passenger on the road because of lack of room, the lack of dependable equipment ordered, perhaps, but not delivered, inability to enforce segregation laws and the impossible roads with bridges over which a limit load may travel.

No decision has been handed down by the State Corporation Commission yet when Dr. Wesley, a member present, asked Mr. Winder "if it was definitely decided that the rail bus must go" (we quote from the minutes of the meeting) "Mr. Winder emphatically assured him that he would be removed."

The sum total of all this adds up to "Justifiable Indignation" on the part of citizens of a community whose public agent has such apparent disregard for the opinion and wishes of those who have made possible all past operation.

The following letter was received by the NEWS OFFICE in connection with the proposed removal of rail transportation between Norfolk and Virginia Beach.

State Corporation Commission, Richmond, Va.

Gentlemen:

It has been brought to my attention by reports in the newspapers that a hearing is to be had in regard to the abandoning of the rail bus by the Norfolk Southern between Norfolk and Virginia Beach on October 8, 1947.

I have been using the electric cars and the rail bus for over twenty years and feel that I would like to protest the abandoning of that service.

I understand that the grounds for abandonment are that the Norfolk Southern is not making a profit out of the operation. I think this is quite natural from the means employed. The rail road has been actively engaged in trying to keep people from riding the rail bus for certainly two years or longer.

They do this by announcing that it is a rail bus and failing to add that it runs to Virginia Beach; by running it at odd hours so that no one will know when the rail buses leave; by changing the schedules so that they are hard to keep up with; by never giving any notice by posting in the station of the date changes are effective; by running the highway buses a few minutes ahead of the rail buses; and I have been informed that they run highway buses just ahead of the rail tuses in Virginia Beach so that there will be no passengers for the rail buses. In addition, they sold commutation tickets on the rail bus for twenty years and stopped this, selling commutation tickets only at Virginia Beach.

and Norfolk, and they do not sell them at the Union station, from which a great many trains leave.

The picture that has been made is an actual effort on the part of the company to run business away from the rail bus.

There is a very good reason for the railroad's trying to force the traffic to the highway buses. The operation of the rail bus is an expensive operation in comparison, and the company makes more profit from the operation of the highway buses. The highway buses have only one operator and he is paid less than the motor-man and conductor who are required to operate the rail bus. Therefore, the cause to abandon the rail bus is quite apparent.

The railroad estates that if it is allowed to abandon the rail bus will run sufficient buses on the highway to take care of the increasing traffic.

From experience up to the present writing, this would not follow.

In the last twenty years of riding - and at times I do ride the highway buses - I can hardly remember one trip on which I have ridden a highway bus when the bus did not have from ten to twenty or more people standing in the aisle and the front. It would take a lot to make me believe that a condition that has been existing for twenty years would be changed by the placing of an additional burden on the bus facilities.

The real purpose behind the abandonment of the rail bus is that of getting rid of an expensive operation, plus the fact that the traffic will be placed where more profit will be made.

The thought occurs to me that at the present time the rates on the railroad are probably fixed on a mileage basis and that possibly they could not be raised without a general increase over the State on a mileage basis. This would of course involve other railroads. It would follow that upon the elimination of the railbus from the picture no railroad would be involved and no other bus line would be involved, and therefore in a short time after the abandonment of the rail bus all patrons would be faced with an upward revision of the highway bus rates and there would be no problem with the railroads involved at all.

The picture which this makes is that they want to get rid of an expensive operation and put an additional burden on facilities that have never been sufficient.

I cannot say more than that under all the conditions the rail road should not be allowed to abandon the rail bus service.

Very truly Yours,

W. E. Kyle

BEHIND THE SCENES IN AMERICAN BUSINESS

The theory that the labor should be worthy of his hire got a postwar endorsement from a rather unusual source in Great Britain on Labor Day. Britain's trade unions celebrated Labor Day by endorsing the principle that higher wages, shorter hours and improved working conditions must be paid for by hard work and greater productivity. In a nation struggling for survival, the stretch-out and the slow down tend to grease the economic skids rather than apply the brakes. England's union leaders have conceded. Their Labor Day resolution, adopted by the Trades Union Congress, called upon mine workers primarily for "an immediate and substantial cut-back." But union leaders pointed out that the resolution in a broader sense "is a signpost to every trade unionist to work harder."

EUROPE'S HOPE

The small farmer is Europe's principal hope for more food. Joseph W. Frazer, famed industrialist, reported as he stepped off the Queen Mary recently, Frazer should know. As head of Graham Paige Motors Corporation, he is responsible for the first mass-production of the rototiller, the small farm implement that plows, discs, harrows, in one operation.

Frazer went to Europe to see about reported new advances in the design of the machine, which is a Swiss invention. He found a bountiful harvest in France, Belgium and Switzerland, while good weather had come to the aid of the crops. But much of the yield must go to feed the farm animals, said Frazer. European farms have not achieved anything near the mechanization we consider essential. The noted industrialist was not as optimistic about England. There he found all kinds of government edicts getting in the way of increased food production. But everywhere he found Europeans willing to part with scarce dollars for the things they need most desperately — farm machinery.

Tidewater Automobile Association Has Again Distributed School Lesson Units

Reopening of schools here this fall portend classroom safety education program supporting the school safety patrol protection for school children at hazardous corners, but a renewal of the im-

"Again this year the Tidewater Automobile Association will furnish teachers in this area with colorful traffic safety posters and carefully developed graded lesson ideas to help them develop lifelong habits of proper street use in our children," Mr. Dey said. "The September safety poster being distributed today is titled Obey Your Safety Patrol. It is one of the ten posters to be provided each month during the school year. The posters were developed from the ten first place winners in the 1947 National Traffic Safety Poster Contest conducted by the American Automobile Association, with which the Tidewater Automobile Association is affiliated. The student who developed this poster and won a \$75 first place prize is James Harvey of Class Technical High School, in Detroit Michigan. His work is being displayed in the form of this poster in more than 150,000 elementary school classrooms throughout the country. The contest is being continued this year to develop the designs for the 1948-49 school year.

"Each month during the school year the Club will furnish 3,000 of these posters and 3,000 lesson units for the use of teachers in deciding upon the best ways to integrate safety education with regular school subjects. The lesson units are written by Miss Alice Adams, Assistant Superintendent, Cuyahoga County (O.) schools, and Miss Margaret L. Winter Supervisor, Elementary Language Arts, Cleveland, O."

Today Your Pharmacist Drops A Few Facts About...

PENICILLIN

The drug that was discovered twice could well be said of Penicillin because Dr. Alexander Fleming did not arouse the interest of his medical colleagues when, in 1928, he announced that he had found a mould that would destroy bacteria. Years passed but no further development was made until acute need for antibacterial agents at the start of World War II brought about the "re-discovery" of this wonder drug when the War Production Board began supervising its commercial production in May 1944.

Contest Winner "Brands" His Prize

A pioneer of the auto industry, hunted throughout the nation in a contest to discover the oldest Chevrolet truck in America, turned up, appropriately, in the possession of a Montana homesteader. The venerable vehicle, vintage of 1918, was still serving Rancher Leslie A. Storey, 41 Johnson, Mont., who lives in the "last frontier" town. The award for owning the oldest licensed and operating truck was a new Chevrolet

"advance-design" model, which Storey "brands" here with his distinctive Circle-Heart brand. It was presented to him by J. W. Burke, manager of Chevrolet's truck department, as Mrs. Storey and Montana State Marshal appears (right) look on. The 1918 one-ton Chevrolet, which was one of 384 built by the division in 1918, its first year of truck production.

Johnson Reports Youthful Vandals Apprehended

Chief of Police Reaves E. Johnson announces that on Sunday night the last of the four youths, who had been looting automobiles and causing considerable worry to the local police force had been apprehended and upon arraignment before Judge Gresham pled guilty of 17 charges of petty larceny. They were given a 12 months suspended sentence with a total of \$410 in fines.

These youthful vandals, reported from Glenrock, were in their teens and early twenties and have roamed the streets of the Beach in organized groups, pilfering and looting automobiles, stealing the contents of glove compartments, removing hubcaps and any other part of the car which might be detached.

After officers M. P. Garrison and J. J. Smithson had caught three of the suspected owners of the cars looted we were asked to identify the stolen articles which the youths had hidden and surrendered upon being apprehended.

This arrest is the latest in a series of similar operations. Johnson having arrested four other youths in July in similar circumstances.

Seasoned Lumber Now Available For Building

Because more people are talking homebuilding again now that restrictions are easing up, James J. Standing of the Princess Anne Lumber Company issued a caution about the material used. He said lumber is one of the most important items in the construction of a home and that if the owner wants to avoid disappointment he had better be sure that the lumber is properly seasoned.

One of the things he mentioned was that in manufacturing a single floor joist over a gallon of water must be removed before it is considered seasoned. This water is necessary while the tree is growing, but it must be removed before the lumber is suitable for use in a building. If it is not, then sagging floors, cracked plaster and other serious problems for the owner are likely to develop.

During the war when most of the lumber went to projects in connection with the war effort, and for a long time after the war, about the only lumber available in local markets was of inferior quality.

Hotel Association Reports Election Of Officers

The Virginia Beach Hotel Association has taken cognizance of the proposal by the Norfolk Southern Railway Company to abandon its railbus service, it was learned this week when the slate of officers for the association's new fiscal year was announced.

Removal of the railbus, an association spokesman said, would particularly affect Negro employees of the various hotels who prefer this mode of transportation to the buses.

J. Wesley Gardner, of the Martha Washington Hotel, was elected president of the association at a recent meeting, succeeding R. E. Deing of the Beach Plaza, who headed the organization since it was revived about a year ago.

Other officers for the ensuing year are Henry Parcay, first vice president; W. C. Harrell, second vice president and Derring secretary-treasurer.

The new board of directors other than the officers was announced as including Sidney Banks, Ferreebee Trafton, Mrs. Myrtle Welbourne, Mrs. M. Stroh korb, Mrs. Grayson Hirding, Mrs. C. E. Smith, Bruce Paulette and C. T. Whitehead.

While no official action on the association's expressed opposition to the removal of the rail bus has been taken as yet, the matter will head the agenda of the next board meeting to be held in October.

The association plans to appeal to the railway to provide adequate transportation for Negro hotel employees in the event the railbus is removed.

The scarcity of seasoned lumber in the civilian market is over and Mr. Standing said people planning to build should insist that seasoned lumber be used.

prevention against polio, the
National Foundation for Infantile
Paralysis, through its In-
formation Department, stresses among
six health rules that
should be observed in combatting
the disease.

Tests on laboratory animals
carried out in experiments fin-
anced by March of Dimes
funds, showed that where ani-
mals were strenuously exercised, twice as many of them ex-
posed to the virus developed more severe forms of infantile
paralysis than did those which had rested quietly in their cages.
These studies indicate, the National Foundation points out, the
wisdom of avoiding extreme fatigues in a worthwhile prevention
in the polio danger months—June through September.

Mr. and Mrs. James Crozier
have returned to Buffalo, after
spending some time at the May-
Cottage on 54th St.

Mrs. Lloyd Wickerham will re-
turn the end of the week to her
home on 34th St. after spending
the summer with Mrs. Herbert
Warwick in Norfolk.

"JUST AROUND THE CORNER"

COOK'S COUNCILBy Jean Merritt
Home Home Institute**Meal-In-A-Minute Masterpieces**

An short-order supper a specialty of yours? Can you find drop-in company at dinner time without being phoney? Does the news that your husband is bringing home an office pal on wash day find you cheery and poised with a stretchable menu in mind?

It takes an adaptable housewife to meet all these likes. But she needn't be a veteran at the job. Even a bride, with some forethought and a few good recipes tucked up her sleeve, can turn the trick.

First off you need to keep a small stock of canned staples on hand all the time. Storage room is at a premium these days, so only the most important and all-round useful foods, such as canned condensed soups, should be given precious space. You can have a wide variety of these — say, cream of tomato, vegetable, cream of mushroom, cream of green pea, chicken noodle, gumbo creole and the like — a hurried housewife can work more menu magic in a matter of minutes than Houdini could do tricks.

Beef Biscuit Pie

Combine—
2 cups diced leftover beef
1 cup diced carrots, cooked
3 raw onions, quartered,
cooked
 $\frac{1}{4}$ teaspoon pepper
1 11-oz. can condensed vegetable
soup without meat, undiluted
 $\frac{1}{2}$ cup water.
Pour into casserole. Roll and cut 5
biscuits from—

Biscuit dough based on 1 cup
flour.

Arrange in top of vegetable mixture. Bake in a very hot oven (450°F.) 20 to 25 minutes.

Chicken Noodle Supreme

Into—
2 tablespoons flour
gradually stir—
1 10½-oz. can condensed chicken
noodle soup, undiluted.
Cook stirring constantly, until
thickened to consistency of a medium
white sauce.

Add—

$\frac{1}{2}$ cup cooked peas.
Heat thoroughly. Serve over 2 cups
cooked rice, toast triangles or wafers.
Serves 3-4.

Louisiana Creole

In boiling salted water cook—
2 oz. (1 cup) dry egg noodles.

Combine—
1 11-oz. can condensed gumbo
1 creole soup, undiluted
 $\frac{1}{2}$ teaspoon chili powder
1 teaspoon tomato ketchup.
Heat. Drain noodles and serve gumbo:
creole sauce over noodles. Serves 2

Quick Chili Con Carne

In—
2 tablespoons fat
scant—
3 tablespoons chopped onion
3 tablespoons chopped green
pepper.

Add and brown well—
 $\frac{1}{2}$ lb. ground beef.

Add—

1 11-oz. can condensed cream of
tomato soup
1 10½-oz. can condensed bean soup
 $\frac{1}{2}$ cup water
 $\frac{1}{2}$ teaspoon chili powder
 $\frac{1}{2}$ teaspoon salt
 $\frac{1}{2}$ teaspoon cayenne pepper.
Simmer, uncovered, for a few minutes, until desired consistency is
achieved. Serves 5 to 6.

Famous Paintings Included In Art Exhibit

Six centuries of portrait painting by the world's greatest masters, including priceless works by Rubens, Rembrandt, Van Dyck, Bronzino, Cranach and Raeburn will be included in the exhibition "Portrait Panorama", which opened the 1947-48 art season at the Virginia Museum of Fine Arts on September 10. The exhibition will be open to the public through October 12.

Due to the fact that most of the more than sixty canvases assembled after weeks of research been mounted in frames of the

same dimensions when in the collection of Louis Michel Van Loo. Experts state that "The Philosopher" came into the possession of Van Loo in 1668. This portrait, among others by Rembrandt, descended directly from the Dutch master to the Van Loo family.

thru Magdalena or some of her kin.

"This exhibition," Miss Crum emphasized, "has been designed to please Virginians, inheritors and guardians of the traditions of the 18th Century in England, who possess a large share of the

human love of the painted like- for the exhibition Portrait Panorama, and this i the 'raison d'etre' rama."

READING & WRITING
BY Edwin Sorenson and Robin M. V. L.

Theodore Roosevelt was not only a great sportsman himself. He taught the principles of sportsmanship and fair play to his family as well. In his introduction to "Letters to Kermit From Theodore Roosevelt," Will Irwin tells this story as an example of how he succeeded:

Once, Kermit and his brother Ted set out for a trip into mountainous China—for the purpose of shooting a giant panda. Only a few incomplete skins of this rare animal had come out to civilization, and the general public and many naturalists were not even ready to admit its existence. In their search, Ted and Kermit endured tropic heat and bitter cold, but found no panda.

They were almost at the end of their allotted time in Asia, when one day they separated to search two parallel gorges. That was when Kermit sighted a fine specimen sunning himself on the fringe of a bamboo thicket and within easy range of a shot. If he took flight and scurried into the jungle this long-sought opportunity would be lost.

Nevertheless, Kermit refused to shoot before he had sent a runner to bring his brother. The panda was just starting to run away as Ted arrived. The two young men ran together—and brought back to the Field Museum the first skin and skeleton of the giant panda known to science!

One of the lesser-known phases of Abraham Lincoln's career was that of postmaster, we learned from Paul Angle's "The Lincoln Postman," the Book-of-the-Month Club selection for February. From 1833 to 1836 he held that position at New Salem. In those days postal rates varied with the distance traversed and the number of pages in the letter. A single sheet cost 6¢ for the first 30 miles, the next 30 to 80 miles, and so on up. Two sheets cost twice as much, three sheets three times as much and so on. While Lincoln could do nothing to reduce these burdensome rates, he did what he could to accommodate his customers. Sometimes he walked miles to deliver a letter he knew was wanted. Whenever he got a call to go to the country, he placed inside his hat all the letters of the people in the neighborhood and distributed them along the way. In fact, the practice of carrying papers and letters in his hat became a habit with him.

Classified Ads Bring Results

mean lower cost to you!

But union leaders want half-trains - double crews!

Big locomotives are built to do a big job in the big country which is America—a big job in peacetime as in wartime. They are built to pull long trains.

Long freight trains can handle more goods at less cost—to you—than short trains.

Long trains mean fewer trains—fewer chances for accidents—fewer interruptions to traffic.

But a few railroad union leaders oppose long trains—among their current 44 demands for changes in rules is one limiting the length of freight trains to 57 average cars. Why do they demand this?

For "safety," they say. But is it? Government figures show definitely that long trains mean greater safety to railroad employees and public alike.

Then, if safety is not the real reason—what is the reason behind this demand?

It is to make more jobs which are not needed—to get more pay! This "made work" would be sheer waste. Think of big, modern locomotives using only half their power.

For this waste, you—the public—would have to pay. Higher costs mean a lower standard of living for everybody. Nobody wants that!

Here's the record...

In the quarter century... 1921-1946...

Average length of freight trains has gone up.....	39%
Average speed of freight trains has gone up.....	39%
The rate of injuries to railroad employees has gone down.....	60%
Average wages paid railroad workers have gone up.....	84%
Price of railroad materials and supplies has gone up.....	58%
Railroad taxes have gone up.....	76%
But the average charge by railroads for hauling a ton of freight one mile has gone down.....	23%

EASTERN AND SOUTHEASTERN RAILROADS

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

50,000 People To Have Seen 'Glory' By Season's End

More than fifty thousand people from every state in the union and from nearly every county, city, town, and hamlet in the old State of Virginia have now witnessed the dramatic unfolding of the nation's birth as portrayed by Paul Green in THE COMMON GLORY at the Matoaka Lake Amphitheatre, Williamsburg.

The free parking lot which accommodates 65 automobiles has been highlighted with license tags all colors of the rainbow, the picnic area has been filled to overflowing, school buses packed with thousands of students from the schools of the State have lumbered through the streets of Williamsburg unloading their passengers for sightseeing trips to Jamestown, Yorktown and the restored buildings of Colonial Williamsburg and at night the crowds have sat beneath the stars in the sloping amphitheatre to watch the swiftly moving story of America's struggle for "life, liberty and the pursuit of happiness."

The September 14 performance of THE COMMON GLORY rings down the curtain on the first summer's presentation of what is to be an annual event.

Standing Advises Home Builders To Be Cautious

Most people who build homes for their own use don't intend to sell them; nevertheless it is wise to consider the possibility of a future sale. Mr. James J. Standing of the Princess Anne Lumber Co. cautioned against overlooking the fundamental requirements of a good home. He said that even the homes of the humblest citizen should have the qualities that will make it appealing ten or twenty years from the time it is built. This is important consideration because changed conditions may make it advisable to sell the home at some time in the future. For this reason other people must like the home. The fundamental requirements that assure appeal are good taste in design, good planning and sound construction.

New gadgets and the most modern of treatment may be applied without sacrificing the long time satisfaction which is the result of an attractive design and sturdy construction. It is because the things that make for good construction are largely hidden from view, and may not appear to have much to do with the complete house, that many people are inclined to pay too little attention to the importance of sound construction.

Lumber that is properly seasoned, correct as to size and that is put together according to the well-known principles of sound construction assures an owner that his house will have resale value at some future date. Concern for future market value, Mr. Standing said, should cause home builders to think about the frame work around which the home is formed.

COOKE PARENT-TEACHER GROUP PLAN PARADE WITH CARNIVAL

The P.T.A. of the W. T. Cooke school held the regular September meeting Monday September 15 in the school auditorium. Mrs. H. Warfield Lecke was appointed treasurer of the organization to fill the unexpired term of Mrs. Joseph Sprull, whose resignation due to moving to Richmond, was accepted. Mrs. L. W. Meachum, president, announced that the Princess Anne County P.T.A. will be hostess at a tea at the Cavalier Hotel the middle of October, honoring members of the State P.T.A. who will be in convention on the 17 and 18th in Norfolk.

Mr. Centwell, former music director, will return this fall to direct the orchestra and music of the school.

Carnival

Committee chairman for the coming carnival reported plans to date. This carnival is for the purpose of raising funds to purchase a new and much needed curtain for the auditorium. The one now in use having served the school and community for over 20 years. Mrs. William Meredith is general chairman.

Mrs. Eugene Tatton reported splendid cooperation with her plan for a parade which will precede the real carnival activities. The parade will start at 14th and Atlantic and proceed along Atlantic to 20th and thence to the Town playground where the carnival will take place. In the line of march will be trucks, fire engines, jeeps, motor cycles, police squad, ponies and carts, clowns, girls and boy scouts and trucks trimmed in gala attire. The hours of the carnival will be from 3 pm to 9 pm.

Thursday	5:54	5:57

To obtain tides of high or low water from above times: Lynnhaven Inlet, add 20 minutes; Ocean View, add 45 minutes; Old Point, add 45 minutes; Oregon Inlet, subtract 45 minutes.

Five new members were enrolled in the League's membership.

Beach Police Chief Attends Meeting

Chief of Police Reeves Johnson is in attendance at the annual convention of the Virginia Association of Chiefs of Police which convened in Roanoke on Thursday, September 18 and will continue through the 19th. He was accompanied by former Virginia Beach Chief of Police, Clarence Hoback.

Mrs. Kellam announced the following department heads for the coming year: Public Welfare, Mrs. H. R. Hollend, Jr.; Fine-Arts, Mrs. James W. Allen, Jr.; Education, Mrs. W. W. Connell, Jr.; Mrs. Jack Jackson will head the Finance-Budget committee; Mrs. Jack Meredith, Social committee, and Miss Mary Lee, Telephone Committee chairman.

Oceana P.T.A. Announces New Officers Elected

The Parent-Teachers' Association of Oceana School met Tuesday, September 16, in the school auditorium with Mrs. C. T. McCloud, association president, presiding. Committee Chairmen for the year were appointed: Program, Mrs. Edward Garrett, Hospitality, Mrs. J. D. Murden, By-Laws and Procedures, Mrs. F. W. Cox, Membership, Mrs. James Darden, Health, Mrs. Howard Aydelte, Music Chairman, Mrs. George L. Aldrich. Other Chairmen will be announced later.

Due to the lack of a secretary, following the resignation of Joseph Sprull, a four month period elapsed with no bulletin issued. However the Association appointed Albin R. Mallies, new director of the Chamber of Commerce on August 1, to fill the vacancy.

The objectives for the year were outlined. The first objective was the continuance of the music program which was started last year. Other objectives included the purchase of magazines and books for the library, a study of health of the children, and the possibility of maintaining a first aid room for the school.

The association plans to have a Bazaar on Thursday and Friday, November 20 and 21. All patrons interested in participating are invited to meet at the school on Thursday, September 18 at 3 p.m.

The officers of the association are Mrs. C. T. McCloud, president Mrs. Charles Hitchings, vice-president, Mrs. J. S. Crockett, treasurer and Miss Earline Armentrout, secretary.

Va. Beach Motors Soft Ball Team At Top of League

Election of Officers took place at the September meeting of the South Virginia Beach Civic League held in the W. T. Cooke school auditorium Monday, September 15.

The Rev. Forrester, retiring president, accepted a gavel in behalf of the organization, the gift to the League from Mr. Brandon Booker.

Officers Elected

Nominations for new officers were accepted from the floor and voting was done by secret ballot. Mr. H. D. Driskill was elected president; Brandon Booker, vice-president and Mrs. Frank Klepper re-elected secretary-treasurer.

Mrs. Klepper presented her treasurer's report for the past season and it was accepted by the League as read.

The president appointed Mr. Frank Klepper and Mr. K. B. Smyth to represent the League at the October meeting of the Town Council. It is the plan of the League to have two different members of the organization to attend the Council meetings each month and report back the actions of Council.

Interest Groups

It was decided to form interest groups among the members. Ten members signified their interest in a Beautification and Gardening Group and six signed up for a debating Group. Other groups will be formed as the interest is indicated.

Five new members were enrolled in the League's membership.

Chief of Police Reeves Johnson is in attendance at the annual convention of the Virginia Association of Chiefs of Police which convened in Roanoke on Thursday, September 18 and will continue through the 19th. He was accompanied by former Virginia Beach Chief of Police, Clarence Hoback.

Mrs. Kellam announced the following department heads for the coming year: Public Welfare, Mrs. H. R. Hollend, Jr.; Fine-Arts, Mrs. James W. Allen, Jr.; Education, Mrs. W. W. Connell, Jr.; Mrs. Jack Jackson will head the Finance-Budget committee; Mrs. Jack Meredith, Social committee, and Miss Mary Lee, Telephone Committee chairman.

Plans For T.B. Christmas Seal Sale Announced

Mr. Jones added that "as a measure of economy" the Mayor of Virginia Beach will now serve without salary. Heretofore Mayors have received a monthly stipend of \$75 for the duties and responsibilities which, by State law, rest on their shoulders. It is further noted that Mr. Jones salary has been increased from \$4200 to \$4500 per year.

Councilmen and Town Officers Go To State Meeting

A large delegation of councilmen from Virginia Beach were in attendance Monday and Tuesday at the annual convention of the League of Virginia Municipalities meeting in Roanoke, Va. Those from the Beach who attended were Councilmen Fred Haycock, H. A. Holt, W. W. McClaran, W. F. Patton and Town treasurer R. A. Jones. Also Dr. W. Y. Garrett, County Health superintendent and A. W. Petty, Virginia Beach Sanitation Engineer.

New Tax Program

The seven point tax program aimed at raising more revenue for cities and towns was recommended by a special committee appointed to study the potential sources of revenue. This committee was headed by Mayor William Hodges of Petersburg, Va.

Funds from the sale of Christmas Seals provide free chest X-rays to all residents of the county education for the protection against tuberculosis and training for those who have been ill, to return to an active and useful life.

Play By Mary S. Leitch Goes To Publisher

"The Pine Box", a one act play written Mary Sinton Leitch, of Lynnhaven, has been accepted in the Greenberg Series of one act plays and will be published this fall. The Greenberg Series is edited by George Freedley, librarian of the "Theater Collection" at the New York Public Library.

The play had its try out in Prince Anne County when two presentations were given in Miss Kelle's Barn during the May Festival.

The authorress of "The Pine Box" is well known in the literary world for many contributions of prose and poetry and the awards she has received for her work. She belongs to Princess Anne County.

Beach Bowling League Under Way for Season

The Women's Bowling League of Virginia Beach met Monday evening in the Town Hall for the purpose of organizing teams and electing officers of the organization.

Leslie Anderson was elected president; Jackie Wolcott, secretary and Cele May treasurer.

To date teams will be sponsored by County Motors, Inc., Merkle Service Station, Colonial Club, Shelly Appliance Co. and Gregory Bros. Plumbing Co. and the players promise keen competition for the coming season.

BEAUTIFICATION COMMISSION TO WORK ON EXTENSIVE PLAN HERE

Plans for the beautification of Virginia Beach got an enthusiastic send off when members met at the Town Hall Wednesday, September 10, to discuss ways and means for making Virginia Beach a pleasant place to come to and in which to live. C. H. Driscoll, chairman of the Commission, presided.

Ten Year Plan

Clyde Nicholson, Town Engineer, presided a master plan for the beautification project which was drawn up by Calvin Butler of Richmond, landscape architect.

This plan according to Mr. Nicholson, is an extensive one and will possibly take 10 years for execution, however, it is a goal at which to aim and Mr. Nicholson feels that with the full cooperation of all civic organizations and individuals the goal is not an impossible one to attain.

Mr. Thrasher of Greerian Farms will work with the commission in formulating plans for procedure in the project. One plan is the suggested removal of all telephone and electric poles from Atlantic Avenue.

PHONE 262

Entered as second class matter August 7, 1925, at the post office of Virginia Beach, Va., under the act of March 3, 1925.

THE VOICE of a majority, swaying the course of government does not insure good government except it be the voice of a well informed and well informed people."

MUCH NEEDED SIDEWALKS

It has been brought to the attention of "The News" that portions of Baltic and Arctic Avenues approaching the W. T. Cooke school are without sidewalks, requiring children to walk in the street. Children are not always careful or mindful of danger, and thus this condition, on two very busy thoroughfares of the Town, presents a definite hazard to small as well as large children attending the school.

The Town Council has found ample money to repair some of the streets in the Town, therefore we feel that where the lives of children are endangered the expense to lay sidewalks along these two streets, which are travelled by so many children, will be a justifiable expense and one which the finance committee cannot afford to refuse.

MEASURES OF ECONOMY

What constitutes economy? It is evidently based on point of view. The Town Treasurer says that "As a measure of economy," the Town Council voted to cut off the \$75 a month salary of its mayor. In the same budget planning the Council voted to raise the salary of its clerk and treasurer from \$4200 a year to \$4500.

This move "Rob's Peter to Pay Paul" and saves the Town \$600 a year is a well thought out measure of economy."

THE EIGHTH PERSON

Did you know that you're working 10 days out of every month for the government? Well, you are. That is the extent to which we have allowed activities of the government to grow. Perhaps, as

—Fincastle Herald.

a nation, we can see that the business of government has expanded. But when we get to looking at the books, the chances are we find a good deal more mushrooming than we imagined.

Look at this another way. If you may be considered an average person, you pay taxes at the same rate as if your employer paid you no wages ten days out of each month, but instead paid the check over to the government. This comes from the fact that right now federal, state and local taxes consume about one-third of all the dollars earned in the United States. That's a burden on our necks that merits attention.

You Are Sharing

Now don't you think you can get out of this by pleading innocent. You're just a wage earner you say? Not a high-racket man who turns over three-fourths of his net income to the government? Sure you know the take is high, but you say he's the man who does the squawking? Listen. While you may not be paying directly your ten days wages to the government, you're paying just the same. The bill is made out over fiscal year, end you are helping to pay it.

Where does all this money go, you ask? Of course, we have a lot of expenditures in government, besides paying salaries and other kinds of allowances to individuals. Yet, one out of eight workers in America in 1939 drew his salary from the government. Leaving the city and the state governments out of the picture, it is estimated that one out of every eight persons in the country is on the federal payroll right now, in one form or another.

Stand eight average people together—one of them gets a check regularly from Uncle Sam! Amazing, isn't it? And remember, you are footing the bill. This includes civilian employees, those receiving old age assistance, veterans, dependents of veterans, those in the army, navy and coast guard. This is a total of more than 16 million people receiving monthly checks from the United States Government.

Need For Policy

This means that every seven persons must supply a check for the eighth each month. It is indeed a difficult task to decide where we'd like to start cutting. But we must, or our nation is in infinite danger. If we do not, we shall be in the position of the Roman Empire, which lasted only little more than 400 years. Rome had too many folks on her payroll. She was soon dust. Historians are saying that America has already begun to decline. I will not agree with this viewpoint, provided we come to our senses.

It is not difficult to say: "Whoa!" It is difficult to get out from under tax burdens once they're yanked upon us. But we must adopt a definite policy or reducing government expenditures. We must set free our industry, and investment capital as well, from the over-burden of taxes. We must have genuine prosperity. And when we keep asking the government to spend, let us remember that power-out-of-prize is soon power-out-of-hand. It's an easy but sure way to national ruin.

—Fincastle Herald.

READING & WRITING

BY Edwin Seaver AND Robin McCormick

In the crucial period following the Italian invasion, a young American officer was commissioned to organize the transport of war supplies to Marshal Tito from Italian bases, for the purpose of strengthening Partisan resistance to the enemy in the Balkans.

In the course of the first month of this assignment he landed on the Dalmatian coast, crossed and recrossed the Adriatic several times, passed through the German lines, and obtained information directly from Tito himself on German and guerrilla strength and operations. In this period he not only organized bases, but set up a supply line to give the partisans the food, ammunition, medical and other materials they needed to fight the Nazis.

The officer was Major Louis Huot, who relates his experiences, many of which can be told now for the first time, in his book, "Guns for Tito." This is an adventure story, packed with many thrilling moments and tense escapes. It is also a revealing account of how Tito's army of men and women have managed to survive and grow in strength and might in their fierce struggle against the Germans and the Croat fascists.

Three outstanding characteristics of Lewis Carroll, creator of "Alice in Wonderland," were his timidity, his absentmindedness and his love for children, says Florence Becker Lennon in her biography of him, "Victoria Through the Looking-Glass." There is evidence of all these three in the little story she tells of the time Carroll entered a certain house where he expected to find a children's party. Without looking about, he dropped on all fours and came in growing like a bear. But the children's party was next door—he had crashed a "conference of females . . . in connection with some reform or other." He looked up, horrified, and fled without a word.

Herman Petersen, author of "Country Chronicle," moved to a farm in upper New York State some years ago, because he thought it would be a good place to write. He couldn't confess this motive, however, to a neighbor farmer, who stopped by during his first weeks. "Goin' to keep some cows?" the farmer inquired between sips of tobacco juice. Mr. Petersen said he hadn't thought of it. "Goin' to keep chickens, mebbe?" The answer to that was no, too, and he also had to admit he wasn't planning to raise cash crops. The farmer was stumped. "What are you going to raise?" he finally asked. Mr. Petersen hesitated, then happened to remember what his wife had said about the city being no place to bring up children. "I'm going to raise children," he said brightly. "Around here, we consider that a side line," commented the farmer as he drove off.

HOW ARE WE GOING TO EAT?

It is the accepted fact that the world's worst food shortage of modern times is at hand. Senator Vandenberg says that there is need for a special session of Congress before January, to act upon relief to the starving people of Europe. Senator Taft does not favor the extra session.

It is the President's responsibility to call that session, if the Congress is to be reconvened.

There is another side of this same question, and that is the high cost of food right here in every part of the United States.

There are several million Americans who are working on "SLAVE WAGES"—and not one of them belongs to a labor union. Thousands of deserving folks don't get pay enough to buy sufficient food to keep themselves and their families going, no matter how hard they struggle to keep their public relief rolls.

So, while the politicians are crying their eyes out about people in foreign lands they should spend more time preventing pyramiding of wages in many industries that have reached the peaks. How can poverty-stricken people pay around a dollar a dozen for eggs and nearly a dollar a pound for butter?

If you have the answer you are doing better than most of the politicians who are managing our National Government.

GO AFTER THE REAL ESTATE TRUSTS

The price of new houses throughout the United States is a shame and disgrace. Houses right in our National Capitol that were built just prior to the war are being sold today for three and four times as much as the original cost. And at the same time rents are being boosted—and so are taxes. These public evils were not "con-

SURGEONS DRAFT

TELEVISION

Thousands of surgeons, at the annual meeting of the American College of Surgeons just held in New York, have witnessed a demonstration of what may become one of the great new methods for teaching the latest and best surgical techniques in performing all types of operations.

For its first large-scale tryout, the Radio Corporation of America took its television equipment into a hospital operating room and televised a series of operations performed over four days. The televised images were shown on receiving sets in a New York hotel, more than a mile from the operating room.

As the surgeons of the New York Hospital-Cornell Medical Center performed the operations, the members of the American College of Surgeons gathered about the many television receivers in the hotel. Several hundred surgeons saw an operation at each sitting, day after day.

Way back in 1913, founders of the American College of Surgeons "felt it would be helpful to any doctor . . . to observe at first hand the work of outstanding practitioners of his art," Collier's magazine says in commenting on this use of television in surgery.

But the American College of Surgeons found that only a few doctors, at any one time, could get close enough to observe a fellow practitioner operate. Even amphitheaters especially built to permit clinical observation, have proved unsatisfactory. Medical movies have been a partial answer.

"Now television supplies yet another means of visual education," Collier's continues, "and the medical profession has great hopes for it. . . . Perhaps the most attractive thing about the medical telecast is its immediacy. Due to the dramatic pull of something, like other people, are subject that is happening right now, this minute."

It's not difficult to visualize groups of medical men, in the not distant future, sitting about receivers and watching famous surgeons performing both routine and rare effect on the whole medical profession.

Trotted" by your Government at any time during the war—unless the action of the Government in letting housing affairs get out of control was a child of OPA partake.

SULFADIAZINE

In 1945, medical men found that they could control cholera with Sulfadiazine, blood plasma and salt solution. Before this discovery nearly half of the cholera victims died. Now, with this new sulfa treatment, it appears that most of those afflicted will be saved. Slowly science is finding ways to conquer the terrible physical afflictions that remain to plague humans.

High Schoolers Most Dangerous In Automobiles

Why driver training in high schools?

The 16-year-old driver is shown in statistics prepared by the American Automobile Association to be nine times more dangerous than drivers in the 4-6 age group. The latter category includes the safest drivers.

In the last 22 years the automobile death rate in the 15-24 age group has increased 90 per cent. At the same time, the rate in the 5-14 age level has decreased, attributed in part to the concentrated safety education program conducted by the American Automobile Association at this level.

This is not the whole story on driver training — but it's enough.

FLATTERING

A minister came upon a member of his flock going home a little unsteady, and gave him a helping hand. Pressed to enter the house, the minister refused. "Come in, man, he said, "come in and let the good wife see who I've been with tonight."

Remote Treatment

Stranger—Good day, doctor. I just dropped to tell you how much I benefited from your treatment.

Doc—But you're not one of my patients.

Stranger—I know. But my uncle was and I'm his heir.

Bale Tie Shipments Increase

Source: U. S. Department of Commerce

120,000 tons, surpassing the 108,408 net tons record established in 1942.

The use of bale ties has greatly increased because automatic hay baling machines are more prevalent. Approximately 60,000 pick-up hay balers are now manufactured each year prior to 1940. The use of auto matic balers was increased more than ten-fold during the war years, but government control kept bale tie production down.

According to the United States Department of Agriculture, about 27 per cent of the hay crop was baled in 1944, as compared with 14.5 per cent in 1939. It is unofficially estimated that about 80 per cent of the hay that is baled is baled with wire.

Hay production increased from an average of 61,423,000 tons in the 1934-45 period to 103,850,000 tons in 1946.

Many farmers prefer to bale their hay with wire, because heavier bales can be tied and shipped long distances, but danger of breakage.

From all indications the trend toward the field baling of hay will continue. The field balers currently exceed the supply and manufacture of the equipment estimate that one or two years will be required for them to catch up with the orders.

When It Comes To Hair Glamour, Take A Tip From The Stars

When a Hollywood star tells her own glamour secrets, it's time for the rest of us to pick up our ears. And when a star with her name in lights is the first to admit that the lights in her hair help to keep her name up there, we're all anxious to know what hair beauty secret she has.

Lovely Ida Lupino, starring in Warner Brothers production "Deep Valley," to be released this fall, likes that shiny hair which fits its wear in fan mail. Yet she doesn't go through any involved ritual to keep her locks in a state of gleaming perfection. As she says herself, "It's simply wonderful the way the new Drene brings out all the brilliance in my hair."

A Hollywood star who faces the camera day after day must take pains to keep her hair radiantly lovely. For the movie camera has a way of picking up and playing up the glints and luster of a star's hair. And it's little things like these very glints and lights that help give a star personality—that make the difference between mere good looks and the kind of high-powered glamour we associate with the first ladies of the screen. With so much depending on the quality of their hair, it's no wonder so many stars will back on the miracle shampoo to keep their crowning glory as glorious as their fans expect it to be.

That's a tip for the rest of us who don't have to face grinding

cameras day after day but who do have to face a critical public of our very own. We know all the virtues of clean hair—we're experts

in the art of brushing. But a liquid shampoo that will make our hair shiny like the stars sounds like a wonderful way to give our good looks a new lease on life. And is there a woman anywhere who isn't ready to do that?

ODD BUT TRUE

WHEN HIS CAR STRUCK A STEEL GIRDER, THE DRIVER MIRACULOUSLY ESCAPED FATAL INJURY AS A RESULT OF CARRYING HIS BONSON CIGARETTE CASE AND LIGHTER IN HIS BREAST POCKET. THE FORCE OF THE COLLISION BROKE THE STEERING WHEEL, AND THE STEERING POST WOULD HAVE PIERCED HIS HEART HAD IT NOT BEEN DEFLECTED BY THE LIGHTER WHICH STILL WORKS. THE CIGARETTE COMPARTMENT IS NOW SHAPED LIKE A 'W.'

14 High Schools Offering Full Driver Training

At least 14 high schools in Tidewater Virginia are preparing to offer students at the term opening in September a full-fledged course in automobile driving, including use of a dual-control car.

At the time of this writing Managing Directors, J. T. Timmons, of the Tidewater Automobile Association, was in the process of discussing the matter with high school officials; and additions undoubtedly will be made to the list.

Already lined up for the course are Maury and Granby high schools in Norfolk; Woodrow Wilson high school in Portsmouth; Ocean High School, Princess Anne County; South Norfolk High School; Suffolk High School; and all eight of the high schools in Norfolk County—Norview, Portlock, Hickory Great Bridge, Deep Creek, Churchland, Craddock and Alexander Park.

In order to qualify for the course, the high school must furnish a trained teacher and acquire a dual-control machine. Many other schools will continue this year the co-operative training program inaugurated last year—in which theory lessons are provided at school and behind-the-wheel training is provided by a parent in the family car.

So that more schools may qualify for a full course, the T.A.A. is attempting to arrange in Virginia this fall another course similar to that offered in mid-July at the Norfolk Division, College of William and Mary.

Acquisition of dual-control cars as been made easier in that General Motors has just released 1,000 Chevrolets and 150 Pontiacs for loan to high schools without charge.

STATE DRIVER EXAMINER

Examinations for drivers licenses have been conducted at the Town Hall each Wednesday. Beginning Wednesday, September 22 the state examiner will be at the Town Hall each Wednesday from 9 to 5 and every other Thursday in the month. This gives two more during the month in which prospective drivers may apply for the license and get a permit.

Manufacturers have less definitely-defined loan programs.

Adding a little something to the course, the T.A.A. is purchasing a set of aptitude testing apparatus for loan to high schools.

Being distributed to the driving teachers — at the expense of the T.A.A. — is a 1547 revised edition of "Sportsmanlike Driving" the teachers' handbook on driver training. Divided into four parts, it outlines work in "Driver and Pedestrian," "Sound Driving Practices," "How to Drive," and "Motor Age Advances."

"Three monkeys sat in a cocoanut tree discussing things as they're said to be. Said one to the other, 'Now listen, you two, there's a certain saying that can't be true; that man descended from our noble race. No monkey ever deserted his wife, starved her babies and ruined her life. And you've never known a mother monk to leave her babies with others to bunk; or to pass them on from one to another till they scarcely know who is their mother. And another thing you'll never see, a monk build a fence 'round a cocoanut tree, and let the cocoanuts go to waste forbidding all other monks a taste. Why, if I'd put a fence around a tree, starvation would force you to steal from me. Here's another thing a monk won't do — go out at night and get a stow, or use a gun or club or knife to take some other monkey's life. Yes, a man descended — the ornery cuss, but brothers, he didn't descend from us."

Moss Announces Rural Carrier Job Open at Post Office

The United States Civil Service Commission has announced an examination to fill the position of rural carrier at Linton Bridge, Virginia and Virginia Beach.

The examination will be held at

Receipt for applications will be closed on October 9, 1947. The date of the examination will be stated on admission cards mailed to applicants after the closing date for receipt of applications.

The salary of a rural carrier on standard daily route of 30 miles is \$2030 a year, with an additional \$20 a mile a year for each mile or major fraction thereof in excess of 30 miles. Salaries on routes of shorter length and less frequent service are proportionately lower.

Mrs. Evelina Flemming, Mrs. P. William McBryde and James P. Dunn & Sonny McLean, N. C. will arrive this week end to visit Mr. Joseph W. Cotton, Jr. at the Homestead and attend the marriage of Miss Susan Ashburn and Mrs. Cotton's son, J. W. Cotton, Jr.

Mr. and Mrs. Marion Maddox and Miss Caroline Maddox left Tuesday to spend two weeks in Lynchburg and Washington.

Mr. and Mrs. David Fender, Jr. and David Fender, III left Tuesday for Woodberry Forest School, Woodberry Forest, Va., where David Fender III will resume his studies.

Miss Katrine deWitt has returned to her home on 12th St. after spending the summer in the New England States.

Mr. and Mrs. Aubrey E. Shackell of Greensboro, N. C. will be the weekend guests of Mrs. R. George Shackell at the Roanoke Cottage and will attend the Cotton-Ashburn wedding.

Miss Maureen McGrath left on Tuesday to attend a house-party in Ocean City, N. J. from there she will go to Philadelphia, Pa. to resume her studies at Rosemont College.

Miss Willis Boykin Underwood of Suffolk arrived this week to visit Miss Vivian Lyle at her home on 52nd Street and attend the Cotton-Ashburn wedding on Saturday.

Wilcox Ruffin, Jr. returned on Sunday to his home in Norfolk after spending a few days with Tommy Thomson on 19th St.

Mr. and Mrs. Willard Ashburn Jr. of Charlottesville are visiting Mr. Ashburn's parents, Mr. and Mrs. Willard Ashburn, at their home on 52nd Street.

Miss Lelia Perkins of Richmond, Va. is spending a few weeks with her parents, Mr. and Mrs. L. Perkins, at their home on 9th Street.

Mr. and Mrs. Peter deWitt left Tuesday for a two weeks Western motor trip.

Messrs. Edward and Haywood Hyman and Stuart Hall of Scotland Neck, N. C., Raymond Clarke of Baltimore, Md. and Borland Wilcox of Petersburg will spend the week end with Mrs. Joseph W. Cotton at the Homestead and attend the Cotton-Ashburn wedding on Saturday.

Mr. William C. Barclay, Jr. will leave Sunday for Blacksburg, Va. where he will enter the Graduate School of V. P. I.

Mr. and Mrs. DeFever King spent several days recently in New York on business. Before returning to their home at Thalas, they were guests of Mr. C. Goller at the A. N. Pieron Company in Cromwell, Conn., one of the largest ranges of green houses in the United States. This company is conducting interesting experiments in plant culture.

Miss Mary Talbot has left to resume her studies at Duke University after spending the summer with her mother, Mrs. Thomas Talbot in Princess Anne County.

Girle Grinwell is an annoying gal. She dashes out against a red light, barely escapes your left front fender and then flashes a toothy smile to show she bears no malice.

Last Polio Health Hint:
Avoid Sudden Chilling!

Sudden chilling such as plunging into cold water on a very hot day should be avoided as the sixth and final health precaution that should be observed in the polio season—June through September—the National Foundation for Infantile Paralysis cautions through its local chapter.

Scientific research financed by March of Dimes funds has shown that when the temperature exposed to the polio virus was suddenly chilled, twice as many developed acute and paralyzing attacks of the disease as did a control group which had been protected from sudden temperature changes.

Therefore, take no chances. To be on the safe side avoid sudden chilling, the National Foundation advises.

Mr. and Mrs. Gilbert Jordan announce the birth of a son, John Miri, at dePaul Hospital on Sunday, September 14.

Miss Minor Jordan left last week end for Raleigh, N. C. where she will attend St. Mary's Junior College.

**PROTECT LIVES
LIKE THESE...**

by building your new schools with fire-safe
CONCRETE

You don't have to worry about the safety of a properly designed, reinforced concrete building. It resists damage from fire, tornadoes, and even earthquakes.

And no wonder! Walls, frame and floors are constructed as an integral unit of concrete and embedded steel bars. Such a structure has the strength, rigidity and toughness to withstand the forces that might spell disaster for less sturdy construction. It is the safe, economical way to build.

Recommended concrete for the new school

"Advance-Design" Chevrolet Trucks Make Bow

The trucks that will bring true postwar design to the highways of America, Chevrolet's new "advance-design" line of commercial vehicles, will be introduced to the trucking industry June 28 by Chevrolet dealers across the country. Introducing a variety of new features that assure greater operating efficiency, load-carrying ability and highway safety, the new trucks are said to be more

rugged and durable than ever before. First units were built in Chevrolet's Janesville (Wis.) assembly plant, and were appropriately hailed. Here the "Queen of the trucking industry," June 28, by Charles E. Gardner, "Miss Betty" (Gloria Gardner, Miss Wisconsin, 1946), and Glen R. Hennelton, Wisconsin's chief executive (right), and E. W. Podleak, Janesville plant manager, look on.

**NORFOLK SOUTHERN
proposes
HIGHWAY BUS SERVICE
in lieu of
RAIL BUSES**

Norfolk Southern Railway Company proposes to discontinue its railbus service between Norfolk and Virginia Beach. Norfolk Southern Bus Corporation, a wholly owned subsidiary of the Railway Company, proposes to better serve by additional highway routes communities now served by railbuses, as follows:

(See Map)

Over highways numbered 615, 635 and 644 passing through Oceana, London Bridge and Lynnhaven, thence to Norfolk by Virginia Beach Boulevard.

Over highways numbered 165, 657 and 682 passing through Greenwich and Glen Rock by Virginia Beach Boulevard.

Over highways 657 and 682 passing through Elizabeth Park and Glen Rock, thence to Norfolk by Virginia Beach Boulevard. Kingslade (rail bus station) to down town Norfolk.

LEGEND

RAIL BUS

PRESENT HIGHWAY BUS

PROPOSED HIGHWAY BUS

Highway bus service for this local or short haul travel is more flexible than service by rail and, we sincerely believe, will result in many advantages to communities now served by railbuses. For example, the entire community of Glen Rock is situated between the rail line and Virginia Beach Boulevard and the majority of people in Glen Rock have to walk a considerable distance to board railbuses, whereas highway buses will run through the center of that community, making as many stops as are necessary.

Demonstrating the definite trend away from rail service and in favor of highway service is the fact that approximately nine (9) people ride highway buses between Norfolk and Virginia Beach to every one (1) person riding railbuses.

The tremendous losses incident to operating railbuses do not justify continuance of this service.

Since the war, as new equipment became available, the highway bus service between Norfolk and Virginia Beach has been greatly improved and the policy of Norfolk Southern Bus Corporation is to steadily improve and expand this service.

The management of the Norfolk Southern Bus Corporation again invites all interested communities to appoint representatives to meet with it to discuss their transportation needs.

NORFOLK SOUTHERN RAILWAY COMPANY

NORFOLK SOUTHERN BUS CORPORATION

take off their dusty clothes, shower and then put on clean slacks, suits or clean pants and shirt which will not leave the marks of the hair on upholstered furniture. Lockers and shower stall can be made of asbestos cement board. Neither water nor steam will cause this material to turn to rock.

When fixing up the farm kitchen and installing a bath, don't forget to make provision for lots of hot water. Automatic water heating is best, as it costs little and you'll never have to think about it. Gas is the most dependable and economical form of this power.

Liquified petroleum gas, sometimes known as "tank" or "bottled" gas, is available everywhere. A gas service man in a nearby town can furnish all the information you may want.

NOTHING WRONG WITH THE ATOMIC BOMB
J. E. Jones

Washington, D. C. — An official committee known as the United States Atomic Energy Commission is beginning an investigation into various fields of industrial health and safety with the hopes of gaining specific control or radio, logical hazards and atomic energy, and using their knowledge on behalf of health and public safety.

However, the atomic bomb keeps Russia shivering in its boots, and that's enough to expect.

There isn't any chance of using the atomic bomb for any purpose, unless Russia forces us to employ it in preserving the peace of the world.

The United States never attacks—but it always wins its wars.

COOK'S COUNCIL
By Jean Morris
Helen Hayes Institute

Hotels, Hotels

To better your hotel continue 6 beefs cooked and sliced, $\frac{1}{4}$ cup beet liquor, 1 tablespoon bacon fat, 1 small onion sliced in rings, 1 teaspoon sause, 1 tablespoon distilled white vinegar. Cook 2 minutes; serve hot.

Heart warmer to start a simple meal adds 1 bouillon cube to 1 cup boiling water, season with 1 tablespoon chili sauce. Stir, serve hot.

For sandwiches with substance toast 1 side of bread slices; spread untoasted side with peanut butter blended with chopped bacon crisps and drippings; top each with tomato slice. Broil.

Capital custards: Combine 1 10% can condensed beef noodle soup, $\frac{1}{4}$ cup milk, scalded, 3 eggs, lightly beaten. Pour into custard cups; place in a pan of hot water. Bake in a moderate oven (350° F.) for 40 minutes or until a silver knife, when inserted, comes out clean. Makes 5 custards.

Tuna-mato chowder is a good chill chaser. Drain oil from 1 7-oz. can tuna fish; flake. Grate 4 ounces American cheese. Combine 1 1/2 oz. can condensed cream of tomato soup, diluted with equal water, 1 teaspoon yellow mustard, pepper to taste. Heat, serve with salted crackers.

Creole quickie: Heighten the fire of condensed gumbo creole soup with chili powder and tomato ketchup; add pouting salted water cook 2 oz. 1 cup dry egg yolks. Combine 1 1/2 oz. can condensed gumbo creole soup, undiluted, $\frac{1}{2}$ teaspoon chili powder, 1 teaspoon ketchup; eat. Drain noodles and serve puffed with gumbo creole sauce. Serves 2.

Sweet tooth temper helps use up sinful stock pile, makes appealing eating when you wash and scrub medium-sized sweet potatoes. Cook in jacket, add small amount of water to 40 minutes, then drain. Remove jackets and slice. Place in hot baking dish. Heat together 2 tablespoons honey, 3 tablespoons orange juice, $\frac{1}{2}$ cup sugar, 2 tablespoons butter or margarine, $\frac{1}{4}$ teaspoon salt... or over potatoes; bake at moderate oven (350° F.) 20 minutes.

Salute to spring! Serve fruit salad topped with a dressing made by combining equal portions salad dressing and mashed banana. Salt to taste.

Fried onions: Fry 1/2 pound 1 1/2 oz. tin onion; remove skins from onion and break into medium-sized pieces. Arrange in shallow baking pan or casserole. Combine $\frac{1}{2}$ to $\frac{3}{4}$ cup thick sour cream, 1 teaspoon prepared yellow mustard, $\frac{1}{2}$ teaspoon salt; pour over onion. Bake in a slow oven (325° F.) or under broiler 20 minutes, until onions are bubbling. Serve on toast or noodles.

Kitchen hocus-pocus: Sauté dry magic onions 1-2 minutes. Add water and salt. Cook away water. Presto! Fried onions!

The CBS sign is always up at the CBS Hollywood studios when Dick Haymes broadcasts his popular Auto-Lite radio show—Thursday nights, 9:00 P.M., over the complete Columbia network. Dick's star roles in both radio and motion pictures are winning him an ever increasing audience of loyal fans.

So America's motorists can speed along a solar super-highway, a mountain is moved by this Allis-Chalmers bulldozer, equipped by Auto-Lite.

The world's most famous sky-line is just next door to all America, but to our motor cars, whatever route you travel, Auto-Lite Dealers and Servicemen stand ready to help make your trip more safe and certain.

Money may buy the husk of many things, but not the kernel. It brings you food but not appetite, medicine but not health, acquaintances but not friends, servants but not faithfulness, days of joy but not peace and happiness.

—HENRICK IBSEN

EVERY HOUSEHOLD has objects which cannot be chuck into the electric washing machine—perhaps a grimy davenport, upholstered chairs with soiled headrests, living room rugs, and the like. Over a period of time these become covered with grime just as a car accumulates a coat of traffic film.

Some Electric Vacuum Cleaners will take care of this task. Other sphyro-quiet models—brush type and tank type—will do dusting, polishing, demotoring, rug shampooing, even paint spraying... clean rugs, and dust draperies, walls and woodwork. Many acetate bedding, rugs and clothing.

Some have dirt-finding pilot lights. Others have dust containers which empty like waste baskets. All of them thorough-clean more quickly than you could light-clean with old-fashioned methods... And at low cost.

Buddy Kilowatt service, you know!

Listen to the ELECTRIC HOUR—the power of CHANNEL 2400—every Sunday, 8:00 P.M.—and the SUPER SHOW—MONDAYS, 8:00 P.M.—on WVEC-TV, 2400.

BOARD OF SUPERVISORS AMENDS RAILBUS RESOLUTIONS TO SCC

Ackiss Heads State C'wealth Atty's.

Richmond—More than a score delegates to the eighth annual meeting of the Association of Commonwealth's Attorneys of Virginia elected Paul W. Ackiss, Jr., the Commonwealth's Attorney of Princess Anne County, as president of the organization.

Earlier, the attorneys were welcomed to the city by T. Gray Haddon, Commonwealth's Attorney of the City of Richmond, and heard reports from retiring President J. Melvin Lovelace, Commonwealth's Attorney of the City of Suffolk, and Secretary-Treasurer Ammon G. Dunton, Commonwealth's Attorney of Lancaster County.

Other new officers elected were Frank L. McKinney, Commonwealth's Attorney of Halifax Co., vice president, and Robert W. Arnold, Jr., Commonwealth's Attorney of Surry Co., secretary-treasurer.

The concluding banquet at the Hotel John Marshall had at its program address by Sen. A. Willis Robertson, Lt. Gov. L. Preston Collins, and Mayor Horace L. Edwards.

Harden Makes

Dean's List At N.C.

Ernest R. Harden, son of Mr. and Mrs. E. R. Harden, was among the three hundred and eighteen students enrolled in the College of Arts and Sciences at the University of North Carolina who made the Dean's List during the first term of the Summer Session. It was announced today by Dean William Wells.

To be listed in this group a student must average a "B" or higher on every course.

CHANGE OF SERVICES

The Rock Symphony Concert will open its series of concerts on October 20th and tickets for the series are now available. Miss Carolyn Simpson is chairman of the Virginia Beach group of sponsors and the committee consists of Mr. and Mrs. Owen Moore, Madames P. C. Everett, Russell Gimbert, C. C. Phillips, Basil Manly, E. R. Hansen, Jr., and Miss Nellie Cowden. For further information or tickets, contact a member of the above committee.

Dogs

The Princess Anne Humane Association has dogs which need homes.

Call Va. Beach 565 or Berkley 203-R for aid in recovering or placing your dog.

PRINCESS ANNE HUMANE ASSOCIATION

W. & M. Concert Season Opens

In an endeavor to satisfy all parties concerned over the proposed removal of railbus service, the Princess Anne County Board of Supervisors voted to amend the previously drawn resolutions regarding the removal of the railbus passenger lines between Norfolk and Virginia Beach. A movement on foot in the county among the various civic leagues was to secure the rescinding of the Board's recommendation. The amending paragraph reads:

"Be it further resolved that the board of supervisors is of the opinion that these communities being served (by the railbus) should have adequate transportation and that it does not approve the removal of the railbus until it is shown to the (State) Corporation Commission that adequate service will be given by highway bus transportation."

C. T. Hendricks, president of the Glen Rock Civic League, which quickly took the lead in developing opposition to removal of the railbus lines as proposed by the Norfolk Southern Railway at the August meeting of the board of supervisors, said after Monday's session that he was satisfied with the decision of the supervisors and he felt that they had done their best in the face of a difficult problem.

Approximately 150 persons using rail lines transportation appeared at Monday's meeting armed with signed petitions and resolutions asking continuance of the lines.

Opposition was endorsed by the Virginia Beach town council.

A letter stating approval by the Ocean Park Men's Club was read in which it was pointed out that residents could receive better service from the addition of more buses than they could from a once-a-day rail service.

The board took action in other matters of widespread interest in the county agreeing to a preliminary survey of main and lateral lines with a view toward the inclusion of the East Ocean View section in the Hampton Roads sewage disposal district. The area from First Street to Twenty-fifth Street is to be surveyed.

The State Highway Commission will be petitioned for the improvement of 14.8 miles of secondary roads in the county. The improvement was estimated to cost approximately \$3,000,000.

The report on audit from William F. Higgins, county clerk and clerk of the Circuit Court, listed disbursements for the Commonwealth, the county and town of Virginia Beach amounting to \$110,905.88, with receipts from the same sources listed at \$116,724.18.

Within the next thirty days construction will begin on a private hospital at the Northeast corner of 28th Street and Arctic Avenue in Virginia Beach, which will be owned, staffed and directed by Drs. W. L. Taylor, H. F. Dornbrin, I. L. Hancock and James Todd.

Modern in every detail, this three-story, one-hundred building, fronting on Arctic Avenue, will have thirty-five beds, including accommodations for colored patients, the usual emergency, laboratory, and X-ray facilities, as well as physiotherapy and operating rooms.

Upon his discharge from military service, Dr. James Todd, formerly resident surgeon at DePaul Hospital in Norfolk, will be head surgeon at the new hospital.

Locally Designed

Herbert N. White, local building designer, completed the plans for the building which will have many and steel structure and concrete floors.

Dewey Weddle, general contractor of Virginia Beach and Norfolk, has been awarded the contract for the building and expects completion in the spring.

Concerts will be at the Center Theatre.

P. A. To Have Horsemans Club

A horseman's club, reminiscent of the old Norfolk Saddle Club, which disbanded early in World War II, is in the making on an 180-acre tract of land between Lake Whitehurst and the Military Highway in Princess Anne County.

Initial construction, which is already under way, is taking the form of a 14-stall stable on a picturesque location near the waterfront, while nearby will be erected a show ring and a clubhouse.

The tract is partly in woodland through which will be blazed a series of bridle paths sufficiently removed from public highways for those interested in privacy.

Projected ahead is a connecting road, leading from the Military Highway to the club facilities, but plans for this improvement are not expected to be undertaken until the building program is completed.

Clubhouse for Members

The clubhouse, it was learned, will be of modest lines and for the convenience of the membership. A large lodge-type room will take up most of the space, which otherwise will include lockers, a kitchen and a fireplace.

Some 10 or more Norfolk horsemen are behind the project, which has been in demand since the holdings of the old Norfolk Saddle Club were sold to make room for a wartime housing development. Most of the charter members belonged to the old saddle club.

Jack S. Gregory is president of the new club, a name for which is still pending. Edward D. Hofheimer is vice president, and Paul W. Keay is secretary and treasurer.

The Rock Symphony Concert will open its series of concerts on October 20th and tickets for the series are now available. Miss Carolyn Simpson is chairman of the Virginia Beach group of sponsors and the committee consists of Mr. and Mrs. Owen Moore, Madames P. C. Everett, Russell Gimbert, C. C. Phillips, Basil Manly, E. R. Hansen, Jr., and Miss Nellie Cowden.

For further information or tickets, contact a member of the above committee.

Star of the Sea Catholic Church announces that beginning October 5th, the 9:15 mass will be discontinued and the services to follow will be held at 8:15, 10:15 and 11:15 A. M.

The Sunday school taught by the Spanish Sisters from Norfolk will be conducted at 9:00 A. M.

Local hotels and cottages are requested to notify their guests of the change.

Rev. Forrest To Attend World Meth. Conference

Chaplain A. P. Spohn, of the Ocean Air Station, will be the speaker at the morning worship service Sunday, September 28th, at the Virginia Beach Methodist Church.

It was announced by the pastor, Robert E. Forrest.

Mr. Forrest, accompanied by Alton Carswell, a member of the Board of Stewards of the church, is leaving on Friday for Springfield, Mass., to attend the Ecumenical Methodist conference meeting in that city. This world conference of Methodists for the first time since the war will bring together leaders of the Methodist church from every section of the globe.

Following a visit to the conference, Mr. Forrest and Mr. Carswell will drive to Gloucester, Mass., for a stay of several days.

There will be no evening service at the local Methodist church on next Sunday, September 28th. Mr. Forrest stated, the congregation has been urged to worship that evening with the First Baptist Church of Virginia Beach.

On October 5th at the eleven o'clock service, Mr. Forrest will install the members of the Official Board of the church for the new church year. The Board will receive the sacrament as a body after which the Holy Communion will be served to the congregation.

Crockett Attends Meeting In Wash.

Willard F. Crockett, Virginia Beach motion picture exhibitor and president of the Virginia Beach Chamber of Commerce, attended a conference of officers of the American Theater Association and the Motion Picture Theater Operators in Washington on last weekend.

Members of the team, their husbands and the coaches were guests at a banquet at the Pine Tree Inn on September 18th given by Les Shelly, of the Shelly Appliance Company.

In appreciation of the sponsorship the team presented Mr. Shelly with a cowhide travelling bag.

Banquet Thursday

Members of the team, their husbands and the coaches were guests at a banquet at the Pine Tree Inn on September 18th given by Les Shelly, of the Shelly Appliance Company.

Crockett, who is secretary of

the American Theater Association, flew to Washington Thursday and returned Saturday evening.

COUNCIL MEMBERS CRITICIZE MAYOR IN OPEN STATEMENT

Medals To Be Presented Vets

At a special call meeting of five councilmen (and without Mayor Leeks' knowledge or presence) a statement was drafted and given to the Norfolk Virginian Pilot on Sunday, September 21, signed by R. A. Jones, Town Clerk.

Mr. Jones stated that the councilmen present were: Fred A. Haycox, H. A. Holt, Jr., W. W. McElroy, E. F. Murray and W. F. Patton. H. E. Hailead was reported on his vacation.

Text of Statement

The complete statement follows:

"The members of the Town Council of Virginia Beach deplore the publicity recently arisen in regard to the deletion of the salary of the mayor of Virginia Beach.

"In all fairness to ourselves, the mayor, and the people of Virginia Beach, we feel that certain facts should be made public. The recent stories intimate that the mayor's first knowledge of this deletion came when he failed to receive his check this past week. This may be true, but if so, it is due to his own lack of interest in the affairs of the town. The budget was under discussion for some three months prior to its adoption and the matter of the deletion of the mayor's salary was in the proposed budget and was discussed at the first regular meeting in August which he failed to attend.

"For 30 days thereafter the proposed budget which included deletion of the mayor's salary was open, not open to the mayor's inspection but to that of the public. One public meeting which the mayor failed to attend was held before the September 1 meeting, at which time the budget was adopted. The mayor was present at this September 1 session and had a typewritten copy of the budget before him during this meeting.

"It is surprising, therefore, that the mayor should wait for three weeks after its final adoption before admitting knowledge of the deletion.

Pure Economic Move

"The mayor's salary was eliminated purely or economic reasons with the thought of placing that office on the same financial basis as that of the office of councilmen. According to published stories the mayor has intimated that the council has taken this and other actions in an attempt to force his resignation. This is not true. The present mayor was appointed by the present council because we felt that he would show the same zeal that his predecessor had shown before him.

"Instead he has shown a complete lack of interest, so much so that it became necessary to send uniformed officers to notify him of meetings. And even after such notification he has missed several meetings. The records will show that at the meetings at which he has been in attendance he has failed to offer one single resolution or ordinance for consideration of the council.

"We are not seeking Mr. Leeks' resignation, nor are we attempting to coerce him in any manner. We are only asking that as mayor he take some interest in the town's affairs.

(Signed) R. A. JONES,
Town Clerk

DEFLATIONARY

You never realize how little you matter until you return after a month's absence and a neighbor, seeing your baggage, says: "Come away?"

PHONE 263

Entered as second class matter August 7, 1925, at the post office of Virginia Beach, Va., under the act of March 3, 1879.

"THE VOICE of a majority, swaying the course of government does not insure good government except it be the voice of a well informed and well informed people."

AN AMBIGUOUS PICTURE

Elsewhere in the "News" is reprinted a statement given to the Norfolk Newspapers relative to more "Councilmatic Action." From the point of view of a close observer of existing conditions some of the statements made are rather a bit ambiguous and need clarifying. For instance the statement: "it became necessary to send uniformed officers to notify him of meetings." Mayor Lecke has missed only one regular meeting of the Town Council since his appointment to office and that was the August meeting when he was out of town on his vacation.

On one occasion at 3:30 PM a uniformed officer was sent as a messenger with a notice signed by three members of the Council - stating that a meeting was to be held that evening - special Council meetings, according to the Town Code are supposed to be called by the Mayor.

Relative to the deletion of Mayor Lecke's salary he said that he had no knowledge of this fact until the information reached him from outside sources. That he

had not been consulted as to the preparation of the budget nor had he up until Sept. 24 a breakdown. Therefore he could make no comment on a matter of which he knew nothing.

the budget could not be secured.

The complete break-down of from Mr. Jones, Town Treasurer, at the conclusion of the Sept. meeting of the Council when it was requested by reporters.

But that as it may, economy move or not, Mayor Lecke states that he will be glad to donate his \$75 a month salary to the coffers of his Town and that he will serve to the best of his ability without pay in an effort "To promote fair, frank, open and honest government for the general good."

Speaking About Food Prices

A Washington reporter called the sky-rocketing of food prices a "dizzy upswelling." Most people seem to forget that history always repeats. -neverthe less it took two bucks to buy a pound of butter and a dozen eggs at the big Cornwall grocery in Washington during World War I.

Our condition at the present time is inflation. Don't pin the blame on either of the two old political parties. Nothing would be more ineffectual than restoring rationing of food.

You can believe Mark Sullivan safe and sound columnist, who says that the usual post-war "phenomenon so far is an economic hurricane" and adds: "We are in an inflation."

The Government has been giving price support for farm products and foods. That may have hastened inflation.

But don't overlook the fact that the United States has been backing a large part of the world with gifts and loans. The only thing we expected in the way of returns was through foreign trade. A lot democrats, as well as republicans, seem to think that European countries would buy all of our high priced goods. That was wishful thinking, that isn't coming true. The English, Italians, French and all other countries are spending that same money raised by taxation of the American public, in their own countries. You can't blame them for that. But you can blame our own U.S. Government for tearing down our own reserves. That's what has caused the present "dizzy upswelling" in food prices.

The Democrats put the blame on the Republicans and the Republicans on the Democrats. They are both to blame. But about the silliest proposal afloat would be to restore rationing.

BUY AT HOME

The law of supply and demand and competition are swing into effect. Right now, there is a buyers' strike, and Congress is not going to step in and stop it.

If the Department of Agriculture continues to back farmers against possible drops in prices, as it has been doing in trying to regulate the markets for potatoes, corn meats, dairy products and other articles of food, the condition will not improve.

You might just as well make up your mind that when food prices drop that a lot of people can't afford to buy these high priced products - a lot of people who can buy at the high prices are going to cut down on their food expenses.

Maybe you have seen the price of a watermelon drop from one dollar to fifteen cents. It has happened. Already there is tremendous resistance to these outrageous food prices on the part of a price sick public. Things are going to come down. They can not help it!

Theatre Previews

AT THE BEACH

"Welcome Stranger," starring Bing Crosby and Barry Fitzgerald, supported by Joan Caulfield, will be held over for showing on Friday and Saturday, September 26 and 27. This incomparable pair are co-starring again in a picture said by critics to far surpass "Going My Way."

Sunday, Monday and Tuesday: Ida Lupino, Dane Clark and Wayne Morris will be featured in "Deep Valley."

On Wednesday and Thursday: "Down to Earth" will be the feature, with Rita Hayworth, Larry Parks and Marc Platt in the title roles. This is a fantastic film in technicolor which depicts the attempts of the Goddess of Music to bring real classical music to jazz production and learns that the two will not mix and so returns to "heaven" resigned to keep music in the spheres in which it belongs. Rita dances and sings. The picture is relaxing, light and highly impossible.

AT THE STYNE

Friday and Saturday, September 26-27: "Slave Girl," starring Yvonne DeCarlo, George Brent and Helen Broderick will be seen at the Bayne. In technicolor and inspired by an early chapter in American foreign relations, "Slave Girl" has been produced by Universal-International as a real red blooded romantic comedy, with spectacular action and scenic backgrounds of great natural beauty.

Keep Virginia Beach Clean

Flying Up the Farm

By DURKIN WILLIAMS

Vaccinating Trough
VACCINATION of hogs, so essential to disease control, decreased mortality and increased production, can be greatly simplified by constructing a vaccinating trough. Not only does such a trough make vaccinating more convenient, but it helps to prevent injury to the hogs. An injured hog usually brings a lower price on the market.

A sturdy trough can be constructed of lumber at low cost. A good size is four feet long and two feet high. The supports at either end are made of 2x4's braced at the bottom with 1x4's. The trough is made of a piece of 2x2 four feet long and one piece of 2x10 four feet long.

A fairly efficient hog eelar can be made cheaply by wrapping burlap around a post and binding the burlap with rope or heavy cord. If the post is grooved, however, will absorb oil more readily. Best results are obtained by frequent applications of oil.

EXPLAINED

Lottie (aged 5): "I wonder why babies is always born in the nightime?"

Lottie (aged 7, a little wiser): "Don't you know? It's 'cos they wants to make sure of findin' their mothers at home."

Frank Lane Of Creeds 4-H Winner

H. W. Cain, county agent of Princess Anne County, has just received notice from Gordon A. Egan, State Boy's Club Agent, Blacksburg, Virginia, that Frank Lane was the winner of the scholarship offered by the Standard Oil Company known as the Esso scholarship. This scholarship is offered to one outstanding 4-H Club member in Virginia who is entering V. P. I., and who is taking an agriculture course in college, and who needs financial assistance in order to complete his college course. The scholarship amounts to \$1000 per year for the four year course.

Frank Lane has been a member of the Creeds Senior 4-H Club for the past five years, and during that time he has done outstanding project work and has been an outstanding leader in his 4-H Club, which is proven by the fact that he served as secretary, vice president and president of his local club and also as president and secretary of the County 4-H Council.

Frank is now entering V. P. I. to start a four-year agricultural course, and his many friends in Princess Anne congratulate him in winning this outstanding scholarship.

By Public Relations Office, Medical Society of Virginia
1200 E. Clay Street, Richmond 19, Va.

Each question answered correctly counts 10 points. Score yourself by the answers at the bottom after you have completed the quiz. 70-80 is average, 80-90 good, 90-100 excellent.

1. A person who is drowning should be approached from (UNDERNEATH)—BEHIND—THE SIDE).
2. Amateur athletes, unlike professionals, do not need conditioning before plunging whole-heartedly into summer recreation. (TRUE—FALSE.)

PARTIES : ANNOUNCEMENTS : PERSONALS

Susan Ashburn, Joseph Cotten, Jr.
Married Saturday Evening

The marriage of Miss Susan Burruss Ashburn, daughter of Mr. and Mrs. Willard Reynolds Ashburn and Joseph Whiteman Cotten, Jr., son of Mr. and Mrs. Joseph Whittem Cotten, of Scotland Neck, N. C., took place Saturday evening at the home of the bride on Fifty-second St., Virginia Beach. The ceremony was performed by the Rev. Robert F. Davis, pastor of the First Presbyterian Church in the presence of only the immediate family and relatives. The wedding music was played by the Hardens! Trio.

The bride, who was given in marriage by her father, had as her maid of honor her sister, Miss Virginia Wallace Ashburn and the bridesmaid was Miss Margaret Leard Grimes.

Joseph Cotten of Scotland Neck was best man for his son.

Following the wedding a small reception was held. Later in the evening Mr. Cotten and his bride left for a northern wedding trip at the conclusion of which they will reside at Virginia Beach.

Among the out-of-town guests for the wedding were Mrs. Evelyn Flemming, Mrs. William McByrd, and James P. Dunn, of Rocky Mount, N. C.; Mrs. N. A. Riddick, Edward and Haywood Hyman and Stuart Hall, of Scotland Neck, N. C.; Ray Clarke, of Baltimore; Mr. and Mrs. Harry Leard, of Roanoke; Mr. and Mrs. Aubrey E. Shackell, of Greenville, N. C.; Donald Wilcox, of Petersburg; Mrs. Willis Boykin, Underwood, of Suffolk; Misses Martha and Nancy Van Patten, of Washington, and Mr. and Mrs. Willard Reynolds Ashburn, Jr., of University.

Mrs. Walton Saunders entertained Wednesday of last week at a miscellaneous shower in honor of Miss Julia Audrey Hudgins whose marriage to John Herbert Thompson, III, will take place on Saturday afternoon in Gailes Episcopal Church. The guests invited numbered twenty.

Mrs. Lowery D. Finley entertained Friday afternoon at her home on 38th Street at a dinner shower in honor of Miss Hudgins. Her guests numbered twenty.

News of Oceana High School

Football News

The Cavaliers of Oceana will engage the Maury "B" team of Norfolk on Friday, September 26, on the Oceana Athletic Field. The

game will get under way at three o'clock.

Maury is coached by Mr. Irvin Upson, who was formerly connected with Oceana. He is very eager

to be victorious over the school he once coached, and Oceana is very determined not to give him that pleasure.

Last Friday the Cavaliers yielded to the strong Norview team by the score of 25 to 6. Oceana was leading at the half by a score of 6 to 0, however, the weight and

reserves of Norview were down the lighter team from Oceana in the second half.

Coach Tomko will probably start the following men: ends: Jack Wernicke and Bruce Jones; tackles: Luther Malbon and Earl Ohliner; guard: Bobby Crosswhite and Glen Dill; center: Stanley Wilson; backs: Jim Kunkler,

Tom Sawyer, Bobby Rich and James Speight. Other men who'll see service are: John Dyer, Sonny Malbon, Ralph Aydlett, Bobby Meads, Harvey Lambka, Nicky Langston, Marlene Godfrey, Bobby Midgley, Sonny Davis and Ray Grey.

Senior Class Gift to School

It has been the custom for many years at Oceana High School for members of the senior class to present a gift to their Alma Mater on graduation night.

The members of the classes of 1947 and 1946 continued this custom and now the students and faculty are having the pleasure of seeing the auditorium improved in appearance. New back drapes for the stage and curtains for all the doors were purchased and are now

in the auditorium. A new American Flag and a new Virginia Flag have been ordered but have not yet been received.

The class of 1947 was sponsored by Miss Ruth Gornton and Miss Kathleen Francis. The class of 1946 was sponsored by Mrs. Roy Bonney.

Barbara Booker on Dean's List

Oceana High school has just received information from Mary Washington College of the University of Virginia that Barbara Booker, salutatorian of the class of 1946, is on the Dean's List. This of course means that all Barbara's grades were B's or A's.

Barbara was an outstanding student while at Oceana. She was a member of the Beta Club, the national honorary scholastic society, and she held many offices in her class during her four years of high school.

Church School Rally in Oceana

The annual church school rally and promotion day exercises will be conducted next Sunday at 9:45 A. M. Brief messages will be given by the church school workers, promotion certificates will be awarded by the general superintendent, R. P. Wright, and the pastor will present the leadership training credits. The several departments of the school will participate in group singing under the leadership of Mr. Clarence Day.

P T A Carnival October Eleventh

Committee chairmen for the forthcoming Carnival reported plans to date. This carnival is for the purpose of raising funds to purchase a new and much needed curtain for the auditorium. The one now in use having served the school and community for over 20 years. Mrs. William Meredith is general chairman.

Mrs. Eugene Fenton reported splendid cooperation with her plan for a parade which will precede the real carnival activities. The parade will start at 14th and Atlantic to 20th and thence to Town playground where the Carnival will take place. In the line of march will be trucks, fire engines, jeeps, motor cycles, police squad, ponies and carts, clowns, girl and boy scouts and trucks trimmed in gala attire. The hours of the Carnival will be from 3 p.m. to 9 p.m.

Firing Up the Farm
by BURTON WILLIAMS

Handling Asbestos Board

THE steadily increasing use of asbestos board on the farm has aroused much interest in this versatile material. Asbestos board is similar in character to a sheet of stone or even thicker. It possesses many qualities which give it individual advantages which will more than compensate for a little extra care in handling.

In lifting and carrying, do not grip the board by the corners. Holding it along the side causes less strain. Avoid throwing or dropping the board around. Use large headed nails and keep them at least half an inch from the edges of the board.

Scoring and breaking is the simplest way of cutting asbestos board. Place on a table large

BREAKING SCORED BOARD ON BENCH OR TABLE

enough to hold an entire board and score deeply with a sharp or other sharp instrument. Then lift up the score mark along the edge of the table and bend the sheet down.

Asbestos board makes a durable, maintenance-free siding or interior lining. It has hundreds of utility uses and, like all asbestos building materials, it is rot-proof and fire-proof.

You Can't Wipe off this Grin

A boy and his dog are a typical American tradition. And that big grin belongs in the picture, too. It is the same wide smile that carried "grown-up" American boys to victory in World War II. It is the same grin you'll see on American football fields this fall. You can't wipe it off!

A smile comes easily to the boys and girls of this country. Theirs is a precious heritage of living in a land of freedom. Theirs is the great privilege of attending the free public schools, where they are grounded in the principles of the American system of Democracy.

All over America this month the children have been trooping back to the public schools. The Norfolk and Western Railway is proud that it helps to pay for the operation of these schools and the education of our boys and girls.

A great portion of the millions of dollars paid annually in taxes by the N. & W. goes directly to state and local governments for support of public schools in the territory served by the railway. In many communities along the line, the Norfolk and Western is the largest single taxpayer, and the largest single contributor to the free public school system.

It's nothing for us to brag about . . . because it's just another part of the American scene. It belongs in the picture.

While school bells ring this year, and the kids go trooping by on their way to the classrooms and playgrounds — remember their priceless heritage, and work unceasingly to preserve it . . . so their young faces will always be lighted with smiles.
